Subject: Amendment to NYCE cotton no. 2 futures contract

OFFICE OF THE SECRETARIAT

To: Jean Webb

From: Edward J. Price, Jr.

I would like to state my support for the proposed amendment to the New York Cotton Exchange number 2 futures contract involving the certification of cotton which is simultaneously under CCC loan. I believe that this practice prevents the futures market from reflecting the true value of the certificated stocks, thus distorting the commercial market.

Thank you
