OFFICE OF THE SECRETARIAT

be wish to vote against the proposal to  
increase the limits on grain futures & options.

As a small farmer the extra limits which  
would create large margin calls & therefore keep me  
from using the exchange.

As we see today the market being so  
volatile it is not even safe to be in the  
market. It is run by big money & greed.

I VOTE NO.

Thank

Harriet DeJong
