Subject: COT reports

COMMENT

I'm writing this email regarding changing or doing away with the COT reports. I urge you to keep the COT as is or if its changed please do so for the better. Trading futures is hard enough without taking away this valuable piece of information. The COT is a general guideline I use to help me trade. Without it I may not be able to trade full time like I do now. You would basically be putting a lot of people out of a job. Myself included. Its not like the COT is giving out the winning lottery numbers in advance. If used properly, it can be very useful to someone like me. Thank you for your time.

Respectfully submitted by,

Mike Prins
