To Whom it may concern:

In response to your request for comments about the COT report, I am > therefore deeply concerned that the CFTC would even consider discontinuing such a popular and insightful service. Your own site shows close to 500,000 users last year. The report has been the subject of over 40 University studies and two best selling books. The Fed no longer publishes M-3 data. Please don't hide the COT too!!
