OFC. OF THE SECRETARIAT

Mrs Eileen Donova I found the cot report very useful in terms of who are the players in the market and in terms of who is controlling the markets, also It is a great tool of forecasting posible moves that the market may take so it give us and edge to the public as well as a great tool for any educated person which is realy interested in this markets. It will be great if the cot report is continuing to be release and accesible to the public.
