Subject: COT Report

OFFICE OF THE SECRETARIAT

Dear Sirs

I am a private trader and rely on the COT Report for trading.
I can't believe you would consider discontinuing this valuable trading tool
I agree with Larry Williams' submissions on his web site (draft letter) and must say that every commodity trading advisor
I have ever read recommends the COT Report as a "must use " tool. Traders are indebted to Larry for bringing this proposed change to their notice.
I urge you to continue to publish the report.
Kind regards,
Alan Harris
