OFF. OF THE SECRETARIAT

Ref: COT discontinuation

Speaking of Camels.....and a straw....

I am "this" close to cashing in "all" my chips, including my pensions, and buying solid gold and a foreign currency which is diversified....Why?....because the present undercurrent of removing layers of transparency to the investing public....Something very deceptive is occurring in both the political and investment worlds....and I find them very disconcerting..... But, on the other hand, maybe it'll actually be good to arrange the deck chairs after all.....Do "YOU" have another career in mind after this one is destroyed???? BTDT !!

Wave 3 down....here we come!!!

AI
