Subject: COT report improvement

2006 JUL 19 AM 9:36

OFC. OF THE SECRETARIAT

Dear COT secretary,

I have some comments to improve COT report:

Absolutely, COT data should continue to run and no-lagged data is more valuable.

1- COT data should announce sooner (Now Tue data is released on Friday) maybe on Tuesday each week at the time of data cut-off or COT should be cut off on Friday and released on the same day for next week trade.

2- OI and Volume data should be released dail (better the realtime data).

3- Bullish Consensus percentage or other market sentiment and COT index should be counted.

Best regards,

BW
