OFC. OF THE SECRETARIAT

Dear Sirs:

It has come to my attention that you may be dis-continuing a great service to me and the general public. The Committent of Traders reports is vital to me as researcher and individual investor. By evaluating the information on your COT report site I can make a determination on how to invest my hard earned capital to the commodity markets, without your site I will not be able to invest in commodities. So please do not dis-continue your most wonderful site, but try to improve on it, make it better. In this way more people can access the commodity world with intelligence and thereby allowing a greater flow of capital into the market place.

So I implore you keep this wonderful site up and running and make it better for of us citizens of this great country.

Thank you so very much,

Jerry Brussack
