Subject: COT Reports

THU JUL 21 11:13 AM

CFTC OFFICE OF THE SECRETARY

To Whom It May Concern:

I strongly protest your consideration to stop publication of the COT reports. With the government hiding M3 and now this, one can no longer say we live in a free and open society. A move like this goes against the backbone of everything we stand for in North America. **KEEP information free and available in a free society. Please do not restrict our rights to freedom of information.**

Sincerely,

Don Robertson
