OFF. OF THE SECRETARY

Dear sirs,

You certainly have brass to suggest discontinuing the COT reports. These reports are only one small part of maintaining free, open and VISIBLE markets. Please do not discontinue them, they are needed by small investors.

Should you instead go ahead with your suggestion and discontinue this, why not just revert to making the entire system privately run again, get the government the hell out of the markets, and let the big guys once again screw whomever possible, especially the little guys.

Regards,
Kirk Huldeen
