RE: Request for Extension of Comment Period on Commission Concept Release on the Placement of a Foreign Board of Trade's Computer Terminals in the United States.

Dear Ms. Webb:

As Chairman of the Global Markets Advisory Committee Subgroup on Cross-Border Regulation of Electronic Trading, I request that the comment period for the above-referenced concept release be extended for two weeks, until Tuesday, October 6, 1998.

The Subgroup on Cross-Border Regulation of Electronic Trading is having its first meeting on Thursday, September 24, 1998. The extension would allow participants formulating responses the benefit of the Subgroup's discussions.

If you have any questions about my request, please feel free to contact me at (312) 930-3310.

Sincerely,

✓Cc: Commissioner Barbara Holum
