RE: Section 5c(c) and Regulation §40.6(a) Submission,
Exchange Certification for listing Australian dollar and New Zealand dollar options on GLOBEX.
CME Submission # 04-71.

Dear Ms. Webb:

Chicago Mercantile Exchange ("CME" or "Exchange") hereby notifies the Commission under the exchange certification procedure of the listing of Australian dollar and New Zealand dollar options on GLOBEX. The Exchange will list one March quarterly option and two serial options on GLOBEX.

In addition, at the commencement of trading in a contract month for Australian dollar and New Zealand dollar options on GLOBEX, the Exchange will list put and call options at the regular exercise price that is nearest the previous day's settlement price of the underlying futures contract and the next four higher and the next four lower regular exercise prices. When a sale, bid, offer, or settlement price in the underlying futures occurs within half a regular exercise price interval of the fourth highest or fourth lowest existing regular exercise price, put and call options at the next higher or next lower regular exercise price shall be listed for trading on the next trading day. New options may be listed for trading up to and including the termination of trading. No rule changes are needed.

This change will be implemented on Sunday, July 25, 2004 upon notification to shareholders and members. The Exchange certifies that these actions neither violate nor are inconsistent with any portion of the Commodity Exchange Act or of the rules thereunder.

Please do not hesitate to contact Ms. Lori Aldinger at 312-930-2337 or laldinge@cme.com if any questions arise during the processing of this submission. Please reference our CME Submission #04-71 on all future correspondence for this submission.

Sincerely,

A handwritten signature in black ink, appearing to read "John W. Labuszewski", with a stylized flourish at the end.
