Eurex US Extends Trading to 23 Hour Trading Days Starting April 3rd, 2005

Eurex US, the fully electronic U.S. futures and options exchange, will extend their trading day to 23 hours on April 3rd, 2005. The following new trading schedule will apply as of April 3rd (all times reflect Chicago Time):

System Startup	5:00-5:05	p.m.
Pre-trading	5:05	p.m.
Pre-opening	5:05-5:15	p.m.
Trading	5:15	p.m.
Market Close	4:00	p.m.
Post-trading	4:00-4:10	p.m.

The extended trading hours will apply to all products at Eurex US.

Please note that due to technical reasons as well as for your convenience, the technical system time will be moved from CST+6 to CST+7 on April 1st after the end-of-day processing (batch run). Therefore your in-house systems will not have to process a system time day-change within the new trading schedule. If necessary, please ensure that your in-house systems and your Vendor software will be adjusted.
