S.O. Building Blocks, Inc.,
Complainant,

vs.

Docket NO. 05-R038

Forex Capital Markets, LLC and
Andrey Yunkevits a/k/a Andrei
Junkevits,
Respondents.

ORDER OF DISMISSAL

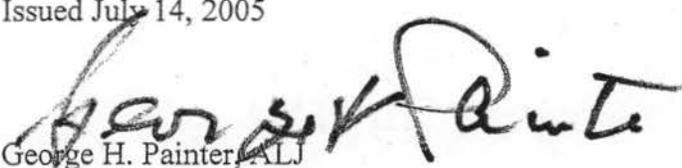

Complainant initiated this reparations claim in March 2005, alleging money damages by reason of wrongdoing on the part of Forex Capital Markets. Andrei Junkevits (a/k/a Andrei Yunkevits) was not named in the original complaint. Complainant named Junkevits as a Respondent in its amended complaint filed on April 26, 2005. The amended complaint makes it clear that the conduct complained of occurred in 2003 and not after Junkevits' registration became effective. Accordingly, the complaint as to Yunkevits must be dismissed for want of jurisdiction.

Documents appended to the amended complaint also show that on August 25, 2003, Complainant filed a civil action against Yunkevits for the very wrongs alleged in the instant complaint. Complainant prevailed and was awarded a judgment in the amount of \$2520. That judgment has been satisfied.

Counsel for Respondent Forex has advised the court by facsimile that all disputes between Complainant and his client have been amicably resolved. Complainant confirms that all issues in the claim against Forex have been settled, and requests dismissal of the proceeding.

Accordingly, this proceeding is DISMISSED in its entirety.
