

Proposed Rules

Federal Register

Vol. 82, No. 50

Thursday, March 16, 2017

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

COMMODITY FUTURES TRADING COMMISSION

17 CFR Parts 1, 23, and 40

RIN 3038-AD54

Capital Requirements of Swap Dealers and Major Swap Participants

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice of proposed rulemaking; extension of comment period.

SUMMARY: On December 16, 2016, the Commodity Futures Trading Commission (Commission or CFTC) published in the **Federal Register** a notice of proposed rulemaking (Proposal) to adopt new regulations and to amend existing regulations to implement sections 4s(e) and (f) of the Commodity Exchange Act (CEA), as added by section 731 of the Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). Section 4s(e) requires the Commission to adopt capital requirements for swap dealers (SDs) and major swap participants (MSPs) that are not subject to capital rules of a prudential regulator. Section 4s(f) requires the Commission to adopt financial reporting and recordkeeping requirements for SDs and MSPs. The Commission also proposed to amend existing capital rules for futures commission merchants (FCMs), providing specific capital deductions for market risk and credit risk for swaps and security-based swaps entered into by an FCM. The Commission further proposed several technical amendments to the regulations. As is explained below, the Commission is extending for 60 days the comment period for the Proposal.

DATES: The comment period for the Proposal published on December 16, 2016, at 81 FR 91252, is extended until May 15, 2017.

SUPPLEMENTARY INFORMATION:

I. Background

Section 731 of the Dodd-Frank Act amended the CEA by adding sections 4s(e) and 4s(f). Section 4s(e) requires that the Commission adopt rules establishing capital requirements for SDs and MSPs to help ensure the safety and soundness of the SDs and MSPs. Section 4s(f), among other things, requires that the Commission adopt regulations related to financial reporting and recordkeeping by SDs and MSPs. The Proposal would adopt new regulations and amend existing regulations to implement the requirements of these CEA sections.²

The Proposal generally permits the application of three alternative approaches to the treatment of capital based upon existing U.S. bank regulators' capital requirements or the CFTC's future commission merchant and the Securities and Exchange Commission's broker-dealer net liquid asset capital requirements. The Proposal further provides that SDs predominantly engaged in non-financial activities and MSPs may elect minimum capital requirements based upon the tangible net worth of the entities. SDs may use internal models for purposes of computing their regulatory capital, subject to prior approval by either the Commission or the National Futures Association. The Proposal would also require certain SDs and MSPs to satisfy defined liquidity and funding requirements and would place certain

limitations on the withdrawal of capital from SDs as part of the SD capital requirements.

In implementing the provisions of Section 4s(f) of the CEA, the Proposal includes recordkeeping, reporting and notification requirements for SDs and MSPs relative to their respective capital requirements. The Proposal would also allow foreign SDs to comply with comparable capital requirements in the home jurisdiction under a program of substituted compliance.

In addition to proposing minimum capital and financial reporting requirements for SDs and MSPs, the Proposal would also amend existing capital requirements for FCMs to establish specific capital requirements for FCMs that engage in swaps or security-based swaps that are not cleared by a clearing organization. The Proposal also includes certain technical amendments to several regulations as part of the proposed capital and financial recordkeeping and reporting requirements.

II. Extension of Comment Period

The comment period for the Proposal is due to expire on March 16, 2017. By letters dated February 24, 2017 and March 2, 2017, respectively, the Securities Industry and Financial Markets Association (SIFMA) and The Futures Industry Association (FIA), membership organizations representing many firms that would be affected by the Proposal, requested a 60-day extension of the comment period. In support of their requests, SIFMA and FIA explained that firms have extensive work to do in order to calculate the effect on their activities of the different types of proposed capital requirements. SIFMA further explained that the initial comment period overlaps with firms' year-end accounting and reporting cycles as well as with the deadline for firms' compliance with the Commission's uncleared swaps margin rules, resulting in a significant drain on

their resources. SIFMA and FIA noted that given the complexity of the Proposal it will require significant time beyond the Commission's initial March 16 comment deadline to fully assess the potential impact of the Proposal on firms' operations.

In light of the foregoing, and in response to the SIFMA and FIA requests, by this **Federal Register** release the Commission is extending the comment period for the Proposal for 60 days, until May 15, 2017.

Issued in Washington, DC, on March 13, 2017, by the Commission.

Robert N. Sidman,

Deputy Secretary of the Commission.
