**Re: Delisting of the NYSE Composite Index[®] Futures Contract -
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Stawick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6, ICE Futures U.S., Inc. ("Exchange") submits, by written certification, notice to the Commission that the Exchange will be delisting the December 2011, March 2012 and June 2012 NYSE Composite Index futures contract as of the close of business on July 29, 2011 and will cease listing any new expiration months in the NYSE Composite Index futures contract (the "Contract"). As of the close of business on July 28, 2011, the December 2011, March 2012 and June 2012 expiration months had no open interest.

The Exchange is delisting these expiration months and not listing any new expiration months based on the extremely low trading volume of the Contract in recent years. Annual volume in 2010 was 252 contracts, and in 2009 was 209 contracts. The Contract is the only futures contract traded by open outcry as it has never been listed for trading on the Exchange's electronic trading system.

With the delisting of these expiration months, the only expiration month that will continue to be listed is September 2011. With the expiration of the September 2011 expiration month on September 16, 2011, trading in the Contract will be terminated.

The Exchange certifies that the delisting complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder.

The resolution to terminate trading in the Contract by delisting expiration months with no open interest and not listing any new expiration months was adopted on March 2, 2011 by the Exchange's Board of Directors, which also delegated to the President of the Exchange the

authority to determine the timing of implementation. No substantive opposing views were expressed by members or others with respect to the delisting.
