Subject: daily price limits

To whom it may concern,  
This e-mail is in reference to the CME's proposed rule change to daily  
price  
limits on  
Feeder Cattle and Live Cattle.  
This market was set up for the hedger and this ruling would make it  
harder  
for the hedger to be involved. Is the speculator not making enough  
money at  
a 150 point limit?
