Re: **Resolution Not to List Delivery Months for Pulp Futures Contract -
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Ms. Donovan:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6, the Board of Trade of the City of New York, Inc. ("Exchange") submits, by written certification, a Resolution not to list delivery months for the Pulp futures contract until a warehouse facility in China is approved by the Exchange and, if, at the end of any trading day prior to the approval, open interest in the April 2008 futures contract becomes zero, delist April 2008.

In its Submission dated December 14, 2006 (Submission No. 06-34), the Exchange submitted an amendment to Pulp Rule 23.12 adding the Port of Changshu, China as a delivery point for Pulp. The amendment is not to become effective until an Exchange licensed warehouse facility in the Port is approved. It is expected that such a facility should be approved by the summer of 2007. Therefore, the Exchange, in anticipation of such approval, has determined not to list any further delivery months for trading in the Pulp futures contract until the Exchange approves a warehouse facility in the Port. In addition, if, on any trading day prior to the approval of a warehouse facility in China, open interest in the April 2008 futures contract becomes zero, the Exchange will delist the April 2008 futures contract and relist when the warehouse is approved. At the present time, there is open interest of two (2) contracts in the April 2008 delivery month.

The Exchange certifies that the Resolution complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder.

The Exchange's Board of Directors adopted the Resolution at its meeting on February 7, 2007. The Resolution will be implemented on February 8, 2007. No substantive opposing views were expressed by members or others with respect to the Resolution.
