Re: **Chicago Climate Futures Exchange, LLC
Submission No. 07-07**

Dear Ms. Donovan:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended (the "Act") and Part 40.6 of the regulations promulgated by the Commodity Futures Trading Commission ("CFTC") under the Act, Chicago Climate Futures Exchange, LLC ("CCFE") hereby amends Rule 1403 to modify the strike prices for Options on Sulfur Financial Instrument futures contracts from a thirteen strike price series listed at \$50 increments with four listed below the at-the-money strike price and eight listed above the at-the-money strike price to a twenty-five strike price series listed at \$25 increments with eight listed below the at-the-money strike price and sixteen listed above the at-the-money strike price.

CCFE intends to make these amendments effective as of Tuesday, June 5, 2007. The Exchange certifies that these amendments neither violate nor are inconsistent with any portion of the Act or of the rules thereunder.

A marked copy of the amended Rule 1403 and a revised summary of the contract specifications for Options on Sulfur Financial Instrument futures contracts are attached hereto.

Should you require additional information regarding this submission, please contact me at 312.554.0812. Please reference our submission number 07-06 in any related correspondence.

Very truly yours,

Ann M. Cresce
Senior Vice President & General Counsel

CHAPTER 14
OPTIONS ON SULFUR FINANCIAL INSTRUMENT FUTURES
CONTRACT SPECIFICATIONS

1401. Scope of Chapter

This Chapter applies to trading in Options on Sulfur Financial Instrument futures contracts. The procedures for clearing, trading, settlement, and any other matters not specifically covered herein shall be governed by the generally applicable rules of the Exchange.

1402. Eligibility

Clearing members and Trading Privilege Holders trading in Options on Sulfur Financial Instruments futures contracts must have SO₂ registry accounts established with the U.S. Environmental Protection Agency ("EPA").

1403. Contract Specifications

(a) *Contract size.* The contract size for the Options calls or puts on Sulfur Financial Instrument futures contract is one (1) Sulfur Financial Instrument futures contract which is equivalent to 25 EPA SO₂ emission allowances ("SO₂ Emission Allowances").

(b) *Schedule.*

(i) Standard-cycle Contract Listing: The Exchange may list for trading up to six consecutive quarterly contract months on the March quarterly cycle (March, June, September, December) as well as the nearby annual December contract after the last listed quarterly contract and the front two serial calendar months.

(ii) CCFE may list any other calendar month contract off the standard-cycle listing schedule through the last annual December contract.

(iii) The trading hours for the Options on Sulfur Financial Instrument futures contract shall be determined by the Exchange from time to time.

(c) *Products.* Within any listed contract, the Exchange may offer options on one or more vintage-year specific products having different delivery specifications as follows:

- (i) Front-Year Vintage
- (ii) 1-Year Deferred Vintage
- (iii) 2-Year Deferred Vintage

- (iv) 3-Year Deferred Vintage
- (v) 4-Year Deferred Vintage
- (vi) 5-Year Deferred Vintage
- (vii) 6-Year Deferred Vintage
- (viii) 7-Year Deferred Vintage
- (ix) 8-Year Deferred Vintage
- (x) Additional Deferred Vintages as determined by the Exchange

(d) *Termination of Trading (Contract Expiration).* The last day of trading of a contract is the second business day prior to the first position day for the expiring Sulfur Financial Instrument futures contract at the normal Trading Session closing time.

(e) *New Contract Listing.* A new standard-cycle contract month will be listed on the next Business Day following a Contract Expiration.

(f) *Minimum Tick Increment.* The minimum tick increment of the Options on Sulfur Financial Instrument futures contract is \$0.05 per SO₂ Emission Allowance, which is equal to \$1.25 per contract.

(g) *Strike Prices.* Call and Put options based on ~~thirteen~~twenty-five strike prices in the series will be listed at the introduction of a contract. Strike prices will be listed at \$~~50~~25 increments with ~~four~~eight listed below the at-the-money strike price and ~~eight~~sixteen listed above the at-the-money strike price. Additional strikes will be listed on the trading day following the day a related futures contract settles for the first time above or below an existing option strike price.

The Exchange may modify the procedure for the introduction of strike prices as it deems appropriate.

(h) *Exercise.* Options on Sulfur Financial Instruments will have a European style exercise after the close of trading on the last trade day. Option exercise results in an underlying Sulfur Financial Instrument futures contract position in the related contract month. The exercise of a Call option will result in the buyer receiving a long position in the underlying Sulfur Financial Instrument futures contract and the seller receiving a short position in the underlying Sulfur Financial Instrument futures contract. The exercise of a Put option will result in the buyer receiving a short position in the underlying Sulfur Financial Instrument futures contract and the seller receiving a long position in the underlying Sulfur Financial Instrument futures contract.

Options on positions that are in-the-money at the close on the last day of trading are automatically exercised unless other instructions are provided to and are accepted by the Clearing Service Provider.

Options on positions that are out-of-the-money at the close on the last day of trading will automatically expire at 5:00 p.m. Central Time absent contrary instructions that are accepted by the Clearing Service Provider.

(i) *Reportable Positions.* Pursuant to Commission Regulation §15.03 and Commission Regulation Part 17, the position level that is required to be reported is any open position in Options on Sulfur Financial Instrument futures products at the close of trading on any trading day equal to or in excess of twenty-five contracts gross in each option quadrant. If one product within a contract month has a reportable position, all contract months' positions in the option contract and underlying futures contract must be reported.

(j) *Position Limits.* A person may not own or control more than 4,000 contracts, equivalent to 100,000 SO₂ Emission Allowances on a net futures-equivalent basis in each nearby month expiring futures product. Commission Regulation 150.1(f) states that the futures-equivalent value of an option is determined by adjusting the option by its delta coefficient from the previous day.

For the purposes of this rule, the positions of all accounts for which a person directly or indirectly controls trading shall be included, as described in Rule 409(e).

The foregoing position limit shall not apply to bona fide hedge positions meeting the requirements of the Commission Regulation §1.3(z)(1) and the Rules of the Exchange.

(k) *Contract Modifications.* Specifications are fixed as of the first day of trading of a contract. If any U.S. Government agency or body issues an order, ruling, directive or law that conflicts with the requirements of these rules, such order, ruling, directive or law shall construed to take precedence and become part of these rules, and all open and new contracts shall be subject to such government orders.

(l) *Block Trades.* Block trades shall be executed pursuant to the requirements of Rule 412. The minimum Block Trade quantity for the Options on Sulfur Financial Instrument futures contract shall be determined by the Exchange from time to time. If the Block Trade is executed as a spread or a combination, one leg must meet the minimum Block Trade quantity for the Options on Sulfur Financial Instrument futures contract and the other legs(s) must have a contract size that is reasonably related to the leg meeting the minimum Block Trade quantity.

(m) *Premium Payment.* The option premium must be paid by each option customer to its Clearing Member for purchased options within a reasonable time and the Clearing Member must pay the option premium to the Clearing Service Provider.

Chicago Climate Futures Exchange
