**RE: Modifications to the S&P 500® Floor Broker Incentive Program  
CME Submission No. 21-025**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. ("CME" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to modify the S&P 500® Floor Broker Incentive Program ("Program"). The modifications to the Program will become effective on February 1, 2021.

Exhibit 1 sets forth the terms of the Program. Modifications appear below, with additions underscored and deletions ~~overstruck~~.

The Exchange reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, Exchange staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, and Recordkeeping.

The Program does not incentivize manipulative trading or market abuse or impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange's market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. Additionally, the Exchange has implemented systems to track Program participants' volume to ensure proper distribution of earned incentives. The products included in this Program are listed for trading in the open and competitive market. The incentives under the Program do not adversely impact price discovery in the centralized market. Specifically, incentives under the Program are only available to brokers that submit previously matched third-party trades in the relevant products. The parties to a trade have discretion to select the venue. Brokers earn incentives after venue selection is made. Principals who submit trades or execute orders for their own account or a proprietary account are not eligible for incentives under the Program. Thus, the Program does not influence the choice made by the principals regarding the execution venue. Participants in the Program will be selected by Exchange staff using criteria set forth in Exhibit 1. Chapter 4 of the Exchange rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules and the Exchange's records retention policies that comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
