**RE: Implementation of the Agricultural Commercial Block Options Incentive Program
CBOT Submission No. 23-052 (2 of 2)**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. ("CME") and The Board of Trade of the City of Chicago, Inc. ("CBOT") (collectively, the "Exchanges") hereby notify the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to implement the Agricultural Commercial Block Options Incentive Program ("Program"). The proposed Program will become effective on February 1, 2023.

Exhibit 1 sets forth the terms of this Program.

The Exchanges reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, Exchange staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, Availability of General Information, and Recordkeeping.

The Program does not impact the Exchanges' ability to perform its trade practice and market surveillance obligations under the CEA and the Exchanges' have implemented systems to track Program participants' volume to ensure proper distribution of earned incentives. The incentives in the Program do not impact the Exchanges' order execution. Participants in the program will be selected by Exchanges' staff using criteria as further stated in Exhibit 1. Chapter 4 of the Exchanges rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules.

The Exchanges certify that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
