(f) The SEF will promptly report any action taken hereunder to the Commission and explain the decision-making process, the reasons for the exercise of emergency authority and how any conflicts of interest were addressed. Any emergency Rule or Rule amendment shall be filed with the Commission in accordance with Part 40 of the Commission Regulations under the Act.

(g) In exercising its authority under this Rule 104, the SEF shall, in its reasonable discretion, and where appropriate, permitted by Applicable Law and not precluded by exigent circumstances, consult and coordinate with DCOs, other swap execution facilities, boards of trade, relevant Participants, and other parties in considering what actions to take hereunder.

(3) If a Proceeding is commenced against a party entitled to indemnification under this Rule 108 (the **"Indemnified Party"**), notice shall be given to the party obligated to provide such indemnification (the **"Indemnifying Party"**) as soon as reasonably practicable. The Indemnifying Party shall be entitled to take control of the Proceeding and any settlement of it, and the Indemnified Party shall give the Indemnifying Party, at the Indemnifying Party's reasonable cost, all reasonable assistance in relation to the Proceeding.

(f) *Clearing Firm Representation*

(1) Each Trading Privilege Holder or Authorized Trading Firm that is not a Clearing Firm and is transacting in Cleared Contracts on the SEF as a principal shall obtain a representation from a Clearing Firm, in form and substance satisfactory to, and approved by, the SEF (a "**Clearing Firm Representation**"). Under such representation, the Clearing Firm must accept for clearing all Cleared Contracts of each Trading Privilege Holder or Authorized Trading Firm for which it clears Cleared Contracts, subject to any Risk-Based Limits that are in effect pursuant to Rule 204(b)(2). Where a Trading Privilege Holder or Authorized Trading Firm uses the services of multiple Clearing Firms, a Clearing Firm shall be responsible only to the extent that it has been designated by such Trading Privilege Holder or Authorized Trading Firm to clear a particular Cleared Contract.

(2) Each Trading Privilege Holder acting as Intermediary shall obtain from the Customer a Clearing Firm Representation from a Clearing Firm pursuant to which the Clearing Firm accepts for clearing all transactions in Cleared Contracts entered into by the Customer, subject to any Risk-Based Limits that are in effect pursuant to Rule 204(b)(2). Where a Customer uses the services of multiple Clearing Firms, a

Clearing Firm shall be responsible only to the extent that it has been designated by such Customer to clear a particular Cleared Contract.

(3) Every Contract that is subject to a Clearing Firm Representation and results from a Bid/Offer or Pre-Arranged Cross that is within any Risk-Based Limits that are in effect pursuant to Rule 204(b)(2) is deemed accepted for clearing by the Clearing Firm upon execution.

(4) A Clearing Firm may at any time (but on prior written notice to the SEF) revoke any Clearing Firm Representation made by it to a Trading Privilege Holder, Authorized Trading Firm or Customer (as applicable) in accordance with paragraph (1) and/or (2) above, by providing prior written notice of such revocation to the SEF. The Clearing Firm Representation will remain in effect for all Contracts for which Bids/Offers or Pre-Arranged Cross were submitted to a Trading Platform prior to the SEF's acknowledgement of the revocation, which the SEF shall undertake to effectuate as promptly as practicable.

(5) Each Trading Privilege Holder, Authorized Trading Firm or, if applicable, Customer must assist its Clearing Firm and the DCO in the clearing of its Cleared Contracts.

(6) Upon notice that a Clearing Firm has revoked any authorization granted and Clearing Firm Representation made by it to a Trading Privilege Holder, Authorized Trading Firm or Customer pursuant to this Rule 204(f), the right of such Trading Privilege Holder, Authorized Trading Firm or Customer (as applicable) to enter into Cleared Contracts will be automatically terminated, and such Trading Privilege Holder, Authorized Trading Firm or Customer must obtain another Clearing Firm Representation from a Clearing Firm before the Trading Privilege Holder, Authorized Trading Firm or Customer's right to access to trade Cleared Contracts via the SEF will be reinstated.

(g) A DCO may be given access to the SEF for the purpose of obtaining any information required by the DCO to clear contracts, including, without limitation, real-time data regarding Bids/Offers, Pre-Arranged Crosses and the execution of transactions. The SEF may impose such restrictions on a DCO's access that it determines, in its sole discretion, are necessary and appropriate.

(h) *Failure to Clear*

(1) Subject to a Clearing Firm's obligation to accept for clearing all Contracts resulting from Bids/Offers or Pre-Arranged Crosses that satisfy the Risk-Based Limits in effect for a Participant or Customer, any Cleared Contract that is rejected for clearing by a Clearing Firm or DCO for any reason, including an error by the SEF in permitting a Bid/Offer or Pre-Arranged Cross to be made that did not satisfy the Risk-Based Limits in effect at the time the Bid/Offer or Pre-Arranged Cross was made, shall be void *ab initio* and will be canceled by the SEF.

(2) Any Contract that was executed on the SEF without the intent to be cleared, but later determined by the parties to the transaction to be cleared, will not be void if rejected for clearing by a DCO to which the Contract was submitted.

(3) In the event a Cleared Contract is canceled by the SEF pursuant to this Rule 204(h), the SEF will report such cancellation to the relevant SDR pursuant to Part 43 of the Commission Regulations.

(i) *Package Transactions*

(1) Any component leg of a Package Transaction that is rejected for clearing by a Clearing Firm or DCO for any reason shall be void *ab initio* and will be canceled by the SEF (each such leg, a "**Rejected Leg**"). For the avoidance of doubt, any component leg of a Package Transaction that was accepted for clearing will not be affected by the rejection of the Rejected Leg.

(2) Any component leg of a Package Transaction that was executed on or subject to the Rules of the SEF without the intent to be cleared, but later determined by the parties to the transaction to be cleared, will not be void if rejected for clearing by a DCO to which such leg of the Package Transaction was submitted.

(3) For Rejected Legs that are rejected for clearing because of the sequencing of submission for clearing of the legs of the applicable Package Transaction and only for such Rejected Legs, the Clearing Firms for the Rejected Leg may, with the consent of each respective Customer or Participant, agree to a new transaction with the same terms as the Rejected Leg (the “**New Leg**”). Such Customer or Participant consent may not be obtained in advance, and must be sought and obtained by each Clearing Firm on a case-by-case basis, after the Rejected Leg has been rejected. If there is such agreement and consent, the New Leg must be submitted by the Participant specified in Rule 304(b) as a Pre-Arranged Cross pursuant to the procedure in Rule 304(b), and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204(b). Upon execution of such Pre-Arranged Cross by the SEF, the SEF shall submit the transaction to the DCO for clearing as quickly as technologically practicable, but in any case no later than 60 minutes from the issuance of the notice of rejection of the Rejected Leg by the DCO to the Clearing Firms. If the New Leg resulting from such Pre-Arranged Cross is rejected from clearing, it is void *ab initio* and no additional New Leg will be permitted to be submitted under the procedure in this Rule 204(i)(3). The procedures in this Rule 204(i)(3) are not available for Package Transactions that are rejected for clearing by a Clearing Firm or DCO because the Package Transaction as a whole failed to satisfy the applicable Risk-Based Limits. Swap transaction data reported pursuant to Rule 309(f) for a New Leg that clears will reference the original canceled trade, indicate that it has been reported pursuant to the procedures described in this Rule 204(i)(3) and link the original canceled trade to the new trade for reporting to the relevant SDR under Part 43 and Part 45 of the Commission Regulations.

(j) *Breakage Agreements Prohibited.* Participants and Customers are prohibited from requiring a Breakage Agreement from any other Participant or Customer as a condition of trading with that other Participant or Customer.

## **Rule 205. Application for and Grant of Trading Privileges**

(a) *Application Requirement.* Each applicant for Trading Privileges will submit an application to the SEF in a form and manner prescribed by the SEF. Each applicant will promptly update the application materials if any of the information provided therein becomes inaccurate or incomplete after the date of submission and prior to any approval of the application. The SEF will act upon, and approve or disapprove, any such application without unreasonable delay.

(b) Upon submission of an application and satisfaction of the requirements and procedures set forth in this Chapter 2, and approval by the SEF, a person applying for Trading Privileges will be granted Trading Privileges. If the application process is not completed by the applicant within six months of submission of an application and payment of any applicable fee, the application will be deemed to be withdrawn.

(c) Any applicant who has been denied Trading Privileges or Authorized Trader or Authorized Trading Firm status with a Trading Privilege Holder, and any Trading Privilege Holder or Authorized Trader or Authorized Trading Firm of a Trading Privilege Holder who is not permitted to keep its, his or her Trading Privileges or maintain his or her status as an Authorized Trader or Authorized Trading Firm may request an appeal of the SEF’s decision pursuant to the procedures set forth in Rule 205(e). No determination of the SEF to discontinue a person’s Trading Privileges or Authorized Trader or Authorized Trading Firm status will take effect until the review procedures hereunder have been exhausted or the time for review has expired.

(d) Any applicant to become a Trading Privilege Holder who has been denied Trading Privileges pursuant to this Rule 205 will not be eligible for re-application during the six months immediately following such denial.

(e) *Appeal of Denial of Trading Privileges [or Suspension or Termination of Access](#)*

(1) If the SEF, pursuant to this Rule, denies an application for Trading Privileges or association with a Trading Privilege Holder as an Authorized Trader or Authorized Trading Firm, or determines not to permit a person to keep its Trading Privileges or maintain its association as an Authorized Trader or Authorized Trading Firm, [or suspends or revokes a Participant's or Customer's access to the SEF pursuant to Rule 206\(a\) or \(e\)](#), then, in any such case, the affected applicant, Trading Privilege Holder, Authorized Trader-~~or~~, Authorized Trading Firm, [Participant or Customer](#), as the case may be, within seven days after receiving written notice of such decision, may request in writing that the SEF provide the reasons therefor in writing. Within 14 days of receiving any such written request, the SEF will provide the applicant, Trading Privilege Holder, Authorized Trader-~~or~~, Authorized Trading Firm, [Participant or Customer](#), as the case may be, with such reasons in writing. Within 14 days of receiving the SEF's written response, the applicant, Trading Privilege Holder, Authorized Trader-~~or~~, Authorized Trading Firm, [Participant or Customer](#), as the case may be, may request, in writing, that the SEF's Participation Committee reconsider the SEF's initial decision and may provide any written representations or other information that the applicant, Trading Privilege Holder, Authorized Trader-~~or~~, Authorized Trading Firm, [Participant or Customer](#), as the case may be, believes is relevant to the reconsideration.

(2) Within 28 days of receiving either a written request for reconsideration or written representations or information from the applicant, Trading Privilege Holder, Authorized Trader-~~or~~, Authorized Trading Firm, [Participant or Customer](#), as the case may be, or a statement from such person that no such representation or information is to be made or supplied, the Participation Committee will either confirm, reverse or modify the initial decision and will promptly notify the applicant, Trading Privilege Holder, Authorized Trader-~~or~~, Authorized Trading Firm, [Participant or Customer](#), as the case may be, accordingly. The Participation Committee may in its discretion schedule a hearing or establish any other process that it believes is necessary and appropriate to consider the request for reconsideration. Any decision by the Participation Committee pursuant to this subparagraph (2) constitutes the final action of the SEF with respect to the matter in question and is not subject to appeal. Any action that may be taken by the Participation Committee under this Rule 205(f) may be taken by the Board if no Participation Committee has been established.

#### **Rule 206. Participant and Customer Obligations; Suspension or Termination of Access**

(a) Each Participant and Customer must comply with these Rules, applicable provisions of the Act, and relevant Commission Regulations. Each Participant and Customer must also cooperate promptly and fully with the SEF, its agents, its Regulatory Services Provider, and/or the Commission in any investigation, call for information, inquiry, audit, examination, or proceeding. [Such cooperation shall include a duty to provide supplemental verbal or other information if the Participant or Customer learns that a previous response is incomplete or incorrect in any material respect.](#) Additionally, each Trading Privilege Holder must update its email address promptly after any change and update all other material information provided in its application for Trading Privileges within five days after that information has changed. If any Participant or Customer fails to satisfy these obligations, the SEF may revoke or suspend the Participant's or Customer's access to the SEF in full or in part.

(b) Each Participant and Customer consents to allow the SEF to provide all information the SEF has about the Participant or Customer, including the Participant's or Customer's trading activity, to [the Regulatory Services Provider](#), the Commission or any other Regulatory Agency, law enforcement authority, or judicial tribunal, including (as may be required by information sharing agreements or other contractual, regulatory, or legal provisions) foreign regulatory or self-regulatory bodies, law enforcement authorities, judicial tribunals, ~~the Regulatory Services Provider~~, and any other service provider to the SEF [solely](#) in connection with the [service provider's](#) performance of ~~the SEF's~~ services [to the SEF and subject to the service provider's agreeing to maintain such information as confidential, including that such service provider shall not:](#)

purposes), unless specifically required in order to fulfill such service provider's regulatory obligations; or

(2) disclose such information to any other person, except (i) to its employees or Affiliates, provided that the employees or Affiliates are subject to confidentiality obligations at least as stringent as those applicable to the service provider, and that, in each case, such disclosure is necessary for the performance of services to the SEF by the service provider, or (ii) if compelled to do so by valid legal or regulatory process, provided that the service provider notifies the SEF in advance thereof to the extent permitted.

(c) Each Participant is required to review the "Notices" section of the SEF website to make itself aware of material changes to these Rules or other notices that may affect their rights and obligations as a Participant.

(d) Each Trading Privilege Holder must diligently supervise all activities of the Trading Privilege Holder's employees and/or agents, including all Authorized Traders and Authorized Trading Firms, relating to transactions effected on the SEF. Any Violation by any employee of a Trading Privilege Holder, including an Authorized Trader or Authorized Trading Firm, shall constitute a Violation by such Trading Privilege Holder.

(e) The SEF may revoke or suspend a Participant's access to the SEF in full or in part if the Participant acts as an Intermediary on behalf of a Customer and such Customer maintains a position in any Contract that, when considered in light of the other positions maintained by the Participant through which such Customer accesses the SEF, and any other factors that the SEF reasonably deems relevant, the SEF reasonably believes could jeopardize the financial safety of such Participant or any of such Participant's other Customers. In making this determination, the SEF may consider any relevant factors, including, as applicable, (i) the positions maintained by such Participant, such Participant's Authorized Traders, Authorized Trading Firms and other Customers, (ii) financial information provided by such Participant; and (iii) in consultation and coordination with the relevant DCOs, the level of margin maintained by such Participant at such Participant's Clearing Firm.

(f) Each Trading Privilege Holder which is a Swap Dealer or Major Swap Participant and enters into or facilitates a Swap that is subject to mandatory clearing under Section 2(h) of the Act shall be responsible for compliance with the mandatory trading requirement under Section 2(h)(8) of the Act.

(a) No Participant shall act as an Intermediary for the account of a Customer unless the Participant has entered into an agreement with the Customer that provides that the Customer agrees that all Contracts shall be governed by the Rules, the Act and the Commission Regulations, insofar as they are applicable to that Contract, although no such agreement shall be required by these Rules when the Customer of a Trading Privilege Holder is another Trading Privilege Holder.

(b) Where a Customer and the Intermediary are both Trading Privilege Holders, the Customer shall provide the SEF with such notice of the relationship as the SEF may require from time to time.

Fees will be comparable for independent software vendors receiving comparable access to, or services from, the SEF. Each independent software vendor that enters into an ISV Development and Maintenance Agreement must satisfy the following criteria, which the SEF shall apply in a fair and nondiscriminatory manner:

- (a) If required to be registered in any capacity under Applicable Law, it has duly registered in such capacity and such registration is in effect and has not lapsed or been revoked, suspended or withdrawn;
- (b) It complies with the applicable technical access standards, system compatibility requirements, security protocols and technical specifications for connection to the SEF’s electronic system as may be specified by the SEF from time to time;

- (b) The SEF may, in its reasonable discretion, refuse to accept a Participant’s withdrawal request or may postpone the effective date of withdrawal of a Participant if the SEF considers it necessary for the protection of the Participant’s Customers, other Participants or otherwise in the interests of the SEF.
- (c) Based on the information provided to, and other information gathered by, the SEF regarding a Participant’s withdrawal request, the SEF will determine whether to: (i) accept the withdrawal request; (ii) postpone the effective date of the withdrawal; or (iii) impose any terms or conditions before or after the effective date of withdrawal.
- (d) If the SEF refuses to accept a Participant’s withdrawal request or postpones the effective date of withdrawal of a Participant, the SEF may waive the obligation to pay some or all of the fees, costs and charges that the SEF would have imposed during the period after the date on which the requested withdrawal would have otherwise taken effect.
- (e) When the SEF accepts the withdrawal of a Participant, all rights and privileges of such Participant terminate (including the Trading Privileges and ability to access a Trading Platform). The accepted

withdrawal of a Participant shall not affect the rights of the SEF under the Rules or relieve the former Participant of its obligations with respect to previously executed transactions (including any contractual obligations relating to any Contracts entered into by such Participant, or the payment of any fees, costs, or charges incurred prior to such withdrawal). Notwithstanding the accepted withdrawal of a Participant, the withdrawn Participant remains subject to the jurisdiction of the SEF for acts done and omissions made while a Participant, and must cooperate in any proceeding under Chapter 5 as if such withdrawal had not taken place.

(f) Upon delivery of a withdrawal notice:

- (1) Participant shall promptly notify its Authorized Traders and any Authorized Trading Firms that they may no longer access the SEF on behalf of Participant, and Participant shall with reasonable diligence, to the extent practicable, terminate electronic access of its Authorized Traders to the SEF;

### Rule 301. Trading Sessions

Except as otherwise provided in these Rules or determined by the Board, transactions in any Contract will only be executed during the Trading Session for such Contract. ### Rule 302. Access to SEF's Order Book

(a) Each Authorized Trader and each Trading Privilege Holder that is an individual will receive a user identification ("ID") and password. As a Trading Privilege Holder or Authorized Trader, such person will be able to access the SEF's Order Book, [which functions as an electronic central limit order book](#), for trading in the Swap asset classes or sub-products approved for such Trading Privilege Holder or Authorized Trader, enter and accept Bids/Offer, ~~enter electronic RFQs~~, and otherwise access information regarding, or perform functions for, such person's account using its ID and password.

(b) For account security and audit trail purposes, each Trading Privilege Holder and Authorized Trader agrees that the SEF may maintain logs of the IP address used to log on to the SEF.

(c) Each Trading Privilege Holder will be responsible for protecting from improper disclosure its ID and password, and the IDs and passwords of its Authorized Traders. In addition, a Trading Privilege Holder may not knowingly or negligently permit any person not authorized by the SEF and by the Trading Privilege Holder to use the ID and password to access the SEF. Each Trading Privilege Holder is required to immediately notify the SEF if it knows, or has reason to believe, that its ID and/or password, or the ID and/or password of any Authorized Trader have been disclosed to any person not authorized by the SEF and the Trading Privilege Holder to use such ID and/or password.

(d) Except as otherwise provided in Rule 102:

(1) each Trading Privilege Holder will be liable for all costs and any losses that it may incur from transactions executed on the SEF by any person, authorized or not, using its ID and password or the ID and/or password of any of its Authorized Traders; and

(2) the SEF will not be responsible in any way for unauthorized transactions for a Trading Privilege Holder's account.

(e) Each Trading Privilege Holder is responsible for contracting with a network provider through which it will access the SEF and for having a backup service provider if the Trading Privilege Holder deems it necessary. Each Trading Privilege Holder is also responsible for maintaining a network connection speed adequate for its needs. The SEF will not be responsible in any way for any Bids/Offer ~~or electronic RFQs~~ delayed or transactions missed or not executed in a timely fashion because of failure of the Trading Privilege Holder's Internet service provider or slowness of its network connection speed. No communication from a Trading Privilege Holder will be deemed to have been received by the SEF until that communication is logged by the SEF server.

### Rule 303. Required Transactions

(b) Upon execution of a Required Transaction on the SEF, the SEF will report the transaction to the SDR as soon as technologically practicable.

#### **Rule 304. Permitted Transactions**

(b) Participants may submit to an Execution Specialist for execution Permitted Transactions negotiated and agreed to outside the SEF's Order Book, at prices mutually agreed, with regard to Contracts that have been designated by the SEF for such purpose (each such transaction a "**Pre-Arranged Cross**"). Pre-Arranged Crosses that are submitted to an Execution Specialist for execution must be submitted by the seller, unless otherwise agreed to by the parties; however, in the case of an Intermediated Transaction, the Participant acting as the Intermediary shall have the obligation to submit the Pre-Arranged Cross to the Execution Specialist. The Participant submitting the Pre-Arranged Cross to the Execution Specialist must provide the information required by Rule 208([ed](#)).

(c) Upon execution of the Permitted Transaction on the SEF, the SEF will report the transaction to the SDR as soon as technologically practicable.

(d) Each Participant that is party to, or Intermediary in, a Pre-Arranged Cross executed pursuant to section (b) of this Rule 304 must record the following details of the transaction: the Contract (including the Delivery Month) to which such transaction relates; the number of Contracts traded; the price of execution or premium; the identity of the counterparty; and, if applicable, details regarding the Customer for which the transaction was executed, as well as, if applicable, the Underlying Interest and whether the transaction involved a put or a call and the strike price. Upon request by the SEF, such Participant must produce satisfactory evidence, including the transaction information referred to in the preceding sentence, that the transaction meets the requirements set forth in this Rule.

#### **Rule 305. Execution Methods for Required Transactions**

(a) *Execution through the SEF's Order Book*

(1) A Participant may enter Bids/Offers to transact in Contracts by electronic transmission over a network or through an Execution Specialist. [If a Participant submits a Bid/Offer to the Order Book through an Execution Specialist, the Execution Specialist shall provide the Participant with a confirmation that the Bid/Offer was entered into the Order Book as soon as possible after such entry.](#)

(2) A Participant will enter a Bid/Offer to transact in one or more Contracts by indicating to the SEF in the manner required by a Trading Platform or the Execution Specialist the information required by Rule 208([ed](#)).

(3) The Participant will be responsible for any and all Bid/Offer entries it posts on the SEF. Posted Bids/Offers are subject to acceptance by other Participants.

(4) The Order Book will keep an electronic record of all Bids/Offers to transact in Contracts, and all executed transactions.

(5) The records kept by the SEF will include all of the Bid/Offer terms identified in this Rule as well as the date and time that the transaction was executed.

(6) The Order Book will provide Participants with the ability to post firm Bids/Offers on a centralized electronic screen that is accessible to all Participants with access to the Order Book. Each Participant may then choose to transact on the basis of a firm Bid/Offer by entering a Bid/Offer which accepts the firm Bid/Offer.

(7) For a Participant who is a broker or dealer and has the ability to accept a Bid/Offer it submits on behalf of a Customer or to execute Bids/Offers from two Customers against each other, ~~or for two Participants who desire to execute offsetting Bids/Offers as a result of pre-execution discussions,~~ the Participant ~~or Participants~~ must allow at least a 15 second delay between the entry of those two Bids/Offers, such that one side of the potential transaction is disclosed and made available to other Participants for at least 15 seconds (or such other time as the SEF may publish for particular contracts) before the second side of the potential transaction, whether for the Participant's own account or for Participant's Customer, is submitted for execution. Participants and Customers may engage in pre-execution discussions with regard to such Bids/Offers in accordance with Rule 404(c).

~~(b) *Electronic Request for Quote Systems*~~

~~(1) The Trading Platforms will provide Participants with the ability to transmit a request for quote to no less than the required number of Recipients, to which all such Recipients may respond.~~

~~(2) Together with the first response from any Recipient, a Trading Platform will display to the requesting Participant any firm resting order for the Swap indicated in the RFQ that is posted in the Order Book together with any responses to the RFQ from the Recipients.~~

~~(3) Responses to RFQs must be in the form of a Bid/Offer. The RFQ requestor may accept such RFQ response by submitting a corresponding Bid/Offer.~~

~~(4) A Participant that sends an RFQ to fewer than all other Participants may not send an RFQ to another Participant that is affiliated with or controlled by the RFQ requestor, or to two or more Participants that are affiliates of or controlled by each other.~~ (c) *Voice Request for Quote Systems*

(1) Participants may initiate an RFQ by contacting an Execution Specialist.

(2) The Execution Specialist will transmit the RFQ to no less than the required number of Recipients, to which all such Recipients may respond.

(3) Together with the first response from any Recipient, the Execution Specialist, unless otherwise instructed by the Participant, will communicate to the requesting Participant any firm resting order for the Swap indicated in the RFQ that is posted in the Order Book together with any responses to the RFQ from the Recipients.

(4) Responses to RFQs must be in the form of a Bid/Offer. The RFQ requestor may accept such RFQ response by submitting a corresponding Bid/Offer.

(5) A Participant that requests an Execution Specialist to send an RFQ to fewer than all Participants may not request that an Execution Specialist send any RFQ to another Participant that is affiliated with or controlled by the RFQ requestor or to two or more Participants that are affiliated with or controlled by each other. An Execution Specialist that sends an RFQ to fewer than all Participants may not knowingly send an RFQ on behalf of the requesting Participant to another Participant that is affiliated with or controlled by the RFQ requestor, or to two or more Participants that are affiliated with or controlled by each other.

(6) An Execution Specialist will act in accordance with a Participant's instructions, the Rules and Applicable Law.

**Rule 306. ~~Work-Up~~[Reserved]**

~~Work-up sessions in Required Transactions are permitted in both electronic trading and RFQ, subject to the System Protocol for the Trading Platform for each product. Work-up transactions do not qualify as a Block~~

~~Trade even if a Participant's transactions as part of the work-up session has a notional or principal amount at or above the appropriate minimum block size applicable to such Swap.~~

### **Rule 307. Acceptable Bids and Offers**

(a) A Bid/Offer may be for a single Swap or for a strategy or spread involving multiple Swaps.

(b) Subject to the System Protocols, a Bid/Offer may be designated as "all-or-none," and if so designated, may be accepted only if accepted in its entirety.

(c) A Participant submitting a Held Order for less than the Block Trade Threshold for execution on the SEF shall submit such a Held Order directly to the Order Book or, if submitted to the SEF through an Execution Specialist, such Execution Specialist shall submit such a Held Order directly to the Order Book.

### **Rule 308. Block Trades**

Participants must enter into uncleared Block Trades away from the SEF, *i.e.*, outside a Trading Platform, System, Order Book, RFQ procedure or Prearranged Cross procedure under Rule 304(b). Participants may enter into Block Trades in Cleared Contracts in accordance with Rule 308(f). All Block Trades must be executed at prices mutually agreed, with regard to Contracts that have been designated by the SEF for such purpose, subject to the following conditions:

(a) The Block Trade must be for at least such minimum number of Contracts as will from time to time be specified by the SEF (the "**Block Trade Threshold**"). Except as may otherwise be permitted by Commission Regulation 43.6(h)(6), Participants shall not aggregate Contracts of different Participants or Customers to achieve the Block Trade Threshold.

(b) When negotiating or executing a Block Trade, a Participant must ensure that the price quoted for a Block Trade represents a fair and reasonable price. The price at which a Block Trade is executed must be fair and reasonable in light of (i) the size of such Block Trade, (ii) the prices and sizes of other transactions in the same Contract at the relevant time, (iii) the prices and sizes of transactions in other relevant markets at the relevant time, and (iv) the circumstances of the parties to such Block Trade.

(c) Block Trades that are not Cleared Contracts must be reported to the SEF by the seller, unless otherwise agreed to by the parties, as soon as technologically practicable after execution by contacting an Execution Specialist; however, in the case of an Intermediated Transaction, the Participant acting as the Intermediary shall have the obligation to report the Block Trade to the SEF as soon as technologically practicable after execution.

(d) The SEF will review the information submitted by the Participants for a Block Trade that is not a Cleared Contract and will post the transaction to a Trading Platform if the details are complete and accurate in accordance with this Rule. The SEF will report the transaction to the SDR as soon as technologically practicable. The SEF will not disclose any detail of a Block Trade that is not a Cleared Contract prior to the public dissemination of the Block Trade by the SDR.

(e) Each Participant that is party to, or Intermediary for, a Block Trade that is not a Cleared Contract must record the following details of the transaction: the Contract (including the Delivery Month) to which such transaction relates; the number of Contracts traded; the price of execution or premium; the time of execution; the identity of the counterparty; and, if applicable, details regarding the Customer for which the transaction was executed, as well as, if applicable, the Underlying Interest and whether the transaction involved a put or a call and the strike price. Upon request by the SEF, such Participant must produce satisfactory evidence, including the information referred to in the preceding sentence, that the transaction meets the requirements set forth in this Rule.

(f) In accordance with NAL 14-118, expiring December 15, 2015, a Participant may execute a Block Trade that is a Cleared Contract either (i) via the SEF's voice RFQ procedures in Rule 305(c), with the

exception that there shall be no minimum number of required Participants to whom an RFQ must be sent, or (ii) as a Pre-Arranged Cross in accordance with the procedures in Rule 304, notwithstanding that the execution of the Block Trade does not occur away from the SEF's trading system. Each Block Trade executed pursuant to this Rule 308(f) must involve Contracts listed by the SEF, be executed pursuant to the Rules and meet the Block Trade Threshold. The SEF will report each Block Trade transaction to the SDR as soon as technologically practicable. The SEF will not disclose any detail of such a Block Trade prior to the public dissemination of the Block Trade by the SDR.

(g) Any Block Trade in violation of these requirements will constitute conduct which is inconsistent with just and equitable principles of trade.

(h) Nothing in this Rule 308 shall prohibit a Participant from executing a transaction via the Order Book that exceeds the Block Trade Threshold. Such transactions will not receive treatment as Block Trades and will not be afforded a reporting time delay under Part 43 of the Commission Regulations.

### **Rule 309. Reporting and Data Collection**

(a) In furtherance of Applicable Law, the SEF will capture and retain all transaction data, so as to be able to reconstruct all transactions within a reasonable period of time and to provide evidence of any Violations.

(b) In furtherance of Applicable Law, the SEF will retain records for all transactions executed on the SEF. This includes all Bids/Offers, RFQs and Pre-Arranged Crosses, whether accepted, unaccepted, canceled or modified, and all acceptances of such transactions.

(c) In furtherance of Applicable Law, the SEF shall maintain an electronic transaction history database, which includes a history of all Bids/Offers, ~~electronic RFQs~~ and transactions, and also includes: (i) all data that are input into the trade entry system; (ii) the categories of Participant or Customer for which each transaction is executed, including whether the Participant or Customer executed the transaction for its own account; (iii) timing and sequencing data adequate to reconstruct trading; and (iv) identification of each Participant or Customer to which fills are allocated.

(d) The SEF will use the electronic transaction history database to reconstruct trading and identify possible Violations. In furtherance of Applicable Law, the SEF will conduct an annual review of compliance with its audit trail and recordkeeping requirements and will identify Participants that may have failed to comply with such requirements. Such Participants will be subject to investigation by the Market Regulation Staff for possible disciplinary action. The annual review must include, but is not limited to, reviews of randomly-selected samples of front end audit trail data for order routing systems; a review of the process by which user identifications are assigned and user identification records are maintained; a review of usage patterns associated with user identifications to monitor for violations of user identification Rules; and reviews of account numbers and Customer Type Indicator Codes in transaction records to test for accuracy and improper use.

(e) All such information will be maintained by the SEF in a manner that protects it from unauthorized alteration, as well as from accidental erasure or other loss.

(f) The SEF will publish trading information as required by Core Principle 9, Commission Regulation § 37.901 and Part 16 of the Commission Regulations. All specified swap data will be reported as provided under Part 43 and Part 45 of the Commission Regulations. The SEF will disseminate swap transaction and pricing data relating to Contracts to Participants no earlier than the transmittal of such information to a registered SDR.

### Rule 310. Bid/Offer Cancellation

(a) A Participant can submit instructions to either cancel or modify a Bid/Offer which that Participant has placed on the SEF if that Bid/Offer has not yet been accepted. Upon receipt of instructions to cancel a Bid/Offer that has not been executed, a Trading Platform will withdraw the Bid/Offer and confirm the cancellation of the Bid/Offer. If a Participant modifies a Bid/Offer that has not been executed, the SEF will treat the modified Bid/Offer as a new Bid/Offer.

(b) The SEF will attempt to cancel or modify an existing Bid/Offer after a Participant enters a cancellation or modification instruction. However, the Bid/Offer may be executed before the SEF is able to cancel or modify it. If a Bid/Offer has been filled in whole or in part, a Participant may modify or cancel only that portion of the Bid/Offer (if any) that has not been executed. Once canceled by the SEF, a Bid/Offer will not be executed.

(c) Upon suspension or revocation of a Participant's trading privileges by the SEF, any unaccepted Bid/Offer on the SEF for such Participant shall be canceled by the SEF.

### Rule 311. Errors and Disputes

(a) If a Participant believes that a Bid/Offer or RFQ or Pre-Arranged Cross to transact in one or more Contracts was incorrectly displayed and/or executed and/or reported, that Participant may request review of the Bid/Offer or the transaction.

(b) Upon receipt of a request for review of a Bid/Offer or RFQ or Pre-Arranged Cross, the SEF will review its records to determine if a Trading Platform or Execution Specialist correctly displayed and/or executed the Bid/Offer or RFQ or Pre-Arranged Cross.

(c) If the review described in this Rule reveals that a Trading Platform or an Execution Specialist made a material mistake or that a mistake occurred as a result of a malfunction in a Trading Platform or by human error, the transaction will be canceled or adjusted, as appropriate.

(d) If the review described in this Rule reveals that neither a Trading Platform nor an Execution Specialist made a mistake, the SEF will inform the Participant who requested the review that the SEF has determined that the Bid/Offer or RFQ or Pre-Arranged Cross was properly handled, the evidence supporting that determination, and that an adjustment will not be made.

(e) The SEF will document in writing all requests for review of Bids/Offers, RFQs and Pre-Arranged Crosses received by the SEF, the time and manner in which SEF reviewed its electronic audit trail in response to the request, the outcome of that review, and the action or actions taken by the SEF in response to that review.

### Rule 312. Enforceability of Transactions

(a) Settlement

(1) Each Participant or, where a transaction is on behalf of a Customer, the relevant Customer, is obligated to settle all transactions executed, pursuant to the Rules in this Chapter 3.

(2) A transaction executed on the SEF or subject to the Rules shall not be void, voidable, subject to rescission, otherwise invalidated or rendered unenforceable as a result of:

(i) a violation by the SEF of Section 5h of the Act or Part 37 of the Commission Regulations;

(ii) any Commission proceeding to alter or supplement a rule, term or condition under Section 8a(7) of the Act or to declare an emergency under Section 8a(9) of the Act; or

(iii) any other proceeding the effect of which is to: (A) alter or supplement a specific term or condition or trading rule or procedures; or (B) require the SEF to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.

(b) *Issuance of SEF Confirmations for Cleared Contracts.* Participants and Customers are obligated to submit for clearing all Contracts so required by the Act, Commission Regulations and any other applicable law. For Cleared Contracts, the SEF will provide the Trading Privilege Holder a Confirmation of all the terms of each transaction executed on the SEF at the time of execution; provided that where a Trading Privilege Holder is a Customer in an Intermediated Transaction, the confirmation will be provided to the Intermediary in accordance with Rule 313(c). The Confirmation provided by the SEF for Cleared Contracts will be the final legally binding confirmation of the terms of any transaction executed on the SEF and will supersede any conflicting confirmation or agreement provided to, or between, as applicable, Participants and Customers, regardless of when such other confirmation is provided.

(c) *Issuance of SEF Confirmations for Uncleared Transactions*

(1) The economic terms specific to the transaction agreed by each Participant and/or Customer on the SEF with respect to an uncleared transaction shall be reflected by the SEF in a written communication (the “**Trade Communication**”) issued to each applicable Participant and/or Customer. The Trade Communication, together with the documents and agreements (including, without limitation, ISDA master agreements, other master agreements, terms supplements, master confirmation agreements, and incorporated industry definitions) governing such transaction existing at the time of such commitment to which each Participant and/or Customer are party (the “**Terms Incorporated by Reference**”) shall, taken together, for purposes of Commission Regulation 37.6(b), comprise all of the terms of such transaction and serve as a Confirmation of such transaction.

(2) In satisfaction of the obligations imposed on the SEF under Commission Regulation 37.6(b), (i) each Trade Communication is deemed to incorporate the Terms Incorporated by Reference set forth in this Rule 312(c), and (ii) each Participant and Customer hereby agrees that the provisions of Rule 312(c)(3) shall govern any conflicting terms.

(3) In the event of any conflict between (x) the Trade Communication and (y) the Terms Incorporated by Reference, the Trade Communication shall prevail to the extent of any inconsistency.

### **Rule 313. Intermediated Transactions**

(a) Subject to Rule 305(a)(7), Participants who are Intermediaries shall immediately enter into a Trading Platform all executable Orders ~~and electronic RFQs~~ received by telephone from their Customers, and shall immediately submit all ~~voice~~ RFQs and Pre-Arranged Crosses to an Execution Specialist. If an Order, RFQ or Pre-Arranged Cross cannot be immediately entered into a Trading Platform or submitted to an Execution Specialist, as applicable, an electronic record which includes the account identifier that relates to the account owner, time of receipt, and terms of the Order, RFQ or Pre-Arranged Cross must immediately be created, and the Order, RFQ or Pre-Arranged Cross must be entered into a Trading Platform or submitted to an Execution Specialist as soon as practicable.

(b) *Priority of execution.* Non-discretionary executable Customer Orders received by a Participant who is an Intermediary shall be entered into the SEF in the sequence received. Non-discretionary Orders that cannot be immediately entered must be entered when the Orders become executable, in the sequence in which the Orders were received.

(c) The SEF shall provide all Confirmations of Intermediated Transactions to the Intermediary. ~~Any~~ upon execution of the transaction. Except to the extent that the SEF sends Confirmations of Contracts

directly to the relevant Customer, any Participant that transacts as an Intermediary for any Customer shall be responsible for ensuring that such Customers receive all Confirmations of Contracts entered into on behalf of such Customers as soon as technologically practicable after receipt of the Confirmation from the SEF.

#### **Rule 314. Bunched Orders**

Bunched Orders must be allocated and recorded in accordance with Commission Regulation 1.35(b)(5) and the NFA's Interpretive Notice related to Compliance Rule 2-10. Bunched Orders may be entered using a designation for a group of accounts or suspense account number; provided, however that:

(i) the Bid/Offer or Pre-Arranged Cross is being placed by a Participant who is, or is acting on behalf of, an account manager for multiple accounts eligible for post execution allocation; or

(ii) a written, pre-determined allocation scheme that defines the group of accounts has been provided to the Clearing Firm accepting or clearing the Bid/Offer or Pre-Arranged Cross prior to the time that such Bid/Offer or Pre-Arranged Cross is entered. In the latter case, if such information has not been provided to the Clearing Firm prior to the time of Bid/Offer or Pre-Arranged Cross entry, each specific account number must be provided to the SEF. Additionally, for all such bunched Bids/Offer or Pre-Arranged Crosses executed on the SEF, the final account-specific allocations must be provided to the SEF no later than the end of each trading day.

#### **Rule 315. SEF Authority over Transactions**

##### *(a) SEF Authority Regarding Cancellations and Price Adjustments of Transactions*

The SEF has authority to cancel any transaction or adjust the price of any transaction executed on the SEF: (i) when the SEF determines in its sole discretion such action is necessary to mitigate market disrupting events caused by the improper or erroneous use of a Trading Platform or by system defects; (ii) at any time the SEF determines, in its sole discretion, that allowing a transaction to stand as executed may have a material adverse effect on the integrity of the market; or (iii) in accordance with Rules 204(h), 204(i), 311, 315(c) or 315(d). All decisions of the SEF regarding the SEF's cancellation of transactions or the adjustment of transaction prices shall be final, subject to Rule 315(d).

##### *(b) Determination to Review a Transaction*

(1) The SEF may determine to review a transaction based on its independent analysis of market activity or upon a Participant's request. A Participant's request for review must be made (i) for an uncleared Pre-Arranged Cross, within one (1) Business Day of the execution of such transaction and (ii) for any other transaction executed on the SEF, within 15 minutes of the execution of such transaction. In the absence of a timely request for review, the SEF may determine whether or not a transaction will be subject to review in its sole discretion. Notwithstanding the foregoing, subject to Applicable Law, the SEF shall amend the terms of, or cancel, any transaction that the parties, together with the DCO, as applicable, mutually agree to amend or cancel, in the event that such amendment or cancellation is not submitted to the SEF within the applicable review period specified above.

(2) If the SEF determines to review a transaction, it will promptly issue an alert to all Participants via a Trading Platform or electronic mail indicating that the transaction is under review.

##### *(c) Review of Transactions*

(1) In reviewing a transaction, the SEF will first determine whether the price of the transaction is in the Non-Reviewable Range, so far above or below the fair market value for the relevant Contract that it indicates the transaction was executed in error. In doing so, (2) In applying the Non-Reviewable Range, the SEF shall determine the fair value price for the Swap at the time the transaction under review occurred.

The SEF may consider any relevant information, including, but not limited to, the last transaction price of the Swap or a better Bid/Offer, a more recent price for a different maturity date, the price of the same or related Swap established in another venue or another market, the market conditions at the time of the transaction, the theoretical value of an Option based on the most recent implied volatility and responses to an RFQ.

(3) If the SEF determines that the price of a transaction ~~is inside the Non-Reviewable Range~~does not indicate that the transaction was executed in error, the SEF will issue an alert indicating that the transaction shall stand as executed.

(4) If the SEF determines that the price of a transaction ~~is outside the Non-Reviewable Range~~indicates that the transaction was executed in error, the SEF shall have the right, in its sole discretion, to cancel or adjust the price of such transaction. ~~Canceled transactions and any prices that have been adjusted shall be canceled in the SEF's official records. Transactions that have had their price adjusted shall be inserted in the SEF's official records at the adjusted price.~~

(d) *Alternative Resolution by Agreement of Parties*

(1) With the approval of the SEF, parties to a transaction that is under review or that has had its price adjusted may instead, together with the DCO, as applicable, mutually agree to cancel or otherwise adjust the price of the transaction.

(2) With the approval of the SEF, parties to a transaction that is canceled may instead, together with the DCO, as applicable, mutually agree to adjust the price of such transaction to a fair value price ~~within the Non-Reviewable Range~~.

(3) Subject to sections (d)(1) and (d)(2), parties to a transaction that is canceled or that has had its price adjusted may mutually agree to a cash adjustment.

(4) Any cancellation or adjustment made pursuant to sections (d)(1), (d)(2) or (d)(3) must be reported to the SEF by the parties within one (1) Business Day and the parties must maintain a record of such adjustment.

(e) *Liability for Losses Resulting from Cancellations or Price Adjustments*

(1) A party that through error or mistake enters a Bid/Offer, RFQ or Pre-Arranged Cross that results in a cancellation or price adjustment shall be responsible for demonstrated claims of realized losses incurred by persons whose transaction prices were canceled or adjusted; provided, however, that a claimant shall not be entitled to compensation for losses incurred as a result of the claimant's failure to take reasonable actions to mitigate the loss.

(2) A claim for a loss pursuant to this Rule 315 must be submitted to the SEF within one (1) Business Day of the event giving rise to the claim. The SEF will reject any claim that is not filed in a timely manner and such decision shall be final. Eligible claims shall be forwarded by the SEF to the party responsible for the Bid/Offer, RFQ or Pre-Arranged Cross that resulted in a cancellation or a price adjustment of a transaction and the Participant through which the transaction was submitted to the SEF. Such party, or Participant on behalf of such party, shall, within ten (10) Business Days of receipt of the claim, admit or deny responsibility in whole or in part. Failure to respond to the claim within ten (10) Business Days shall be deemed a denial of liability.

(3) To the extent that liability is admitted, payment shall be made within ten (10) Business Days. Unless otherwise agreed upon in writing by the parties, failure to make the payment within ten (10) Business Days shall be deemed a denial of liability for the purposes of this Rule 315. A copy of any such written agreement must be provided to the SEF.

(4) To the extent that liability is denied, the party making the claim may submit the claim for arbitration pursuant to Rule 702. Such claims must be submitted to the SEF within ten (10) Business Days of the date the party was issued notification that liability was denied.

(f) [Records of Cancellations and Adjustments](#)

(1) [Canceled transactions and any prices that have been adjusted shall be canceled in the SEF's official records.](#)

(2) [Transactions that have had their price adjusted shall be reflected in the SEF's official records at the adjusted price.](#)

**Rule 316. Reporting Counterparty**

(a) For each Contract executed on or subject to the Rules of the SEF, the SEF shall report creation data to an SDR, and shall include in such creation data the identification of the reporting counterparty. The reporting counterparty will be determined by the SEF, if possible, in accordance with Commission Regulation 45.8 (a) – (f) and, in the event the counterparties to the Contract are of the same hierarchy level, the ISDA Reporting Party Rules. If the SEF is unable to determine the reporting counterparty in accordance with Commission Regulation 45.8 (a) – (f) and the ISDA Reporting Party Rules, the SEF will identify the buyer of the Contract as the reporting counterparty in the creation data. By executing the Contract on the SEF, the counterparties agree to the use of the ISDA Reporting Party Rules and, where necessary, the identification of the buyer as reporting counterparty, and waive the opportunity to agree separately upon a reporting counterparty and to receive notice from the SEF, as provided in Commission Regulation 45.8(d) and 45.8(f).

(b) Notwithstanding paragraph (a) of this Rule 316, for Contracts in the commodity asset class (as set forth in the ISDA Reporting Party Rules) between counterparties of the same hierarchy level, as determined by Commission Regulation 45.8 (a) – (f), the counterparties to such a Contract may agree separately upon a reporting counterparty. In the event that such counterparties do not agree upon a reporting counterparty, the reporting counterparty will be determined under paragraph (a) of this Rule 316.

(b) For each Contract executed on or subject to the Rules of the SEF, the reporting counterparty and/or the relevant DCO is responsible for reporting continuation data to the SDR to which the creation data for the Contract was first reported in accordance with Commission Regulations 45.4 and 45.10.

- (iii) to comply with a request of the Commission, the U.S. Department of Justice, any self-regulatory organization, or an applicable prudential regulator, or as otherwise required by law.

(d) Where a transaction is void *ab initio* pursuant to Rule 204(h) or Rule 204(i), communications concerning such transaction shall not be considered pre-execution communications prohibited by this Rule 404 if the parties to such transaction subsequently enter into the same or a substantially similar transaction pursuant to Rule 305.

#### **Rule 405. Manipulation and Price Distortion**

Bids/Offers entered into a Trading Platform or Pre-Arranged Crosses submitted to an Execution Specialist for the purpose of upsetting the equilibrium of the market in any Contract or creating a condition in which prices do not or will not reflect fair market values are prohibited and any Participant or Customer who makes or assists in entering any such Bid/Offer or Pre-Arranged Cross with knowledge of the purpose thereof or who, with such knowledge, in any way assists in carrying out any plan or scheme for the entering of any such Bid/Offer or Pre-Arranged Cross, will be deemed to have engaged in an act detrimental to the SEF. [Any other manipulative and disruptive behavior not otherwise prohibited by the Rules is prohibited to the extent prohibited by the Act or Commission Regulations, including but not limited to Sections 6\(c\)\(1\) and \(3\), 9\(a\)\(2\), 4c\(a\)\(5\)\(A\) and \(C\) of the Act and Commission Regulations 180.1\(a\) and 180.2.](#)

#### **Rule 408. Position Limits and Position Accountability**

- (a) The SEF may set and enforce such Position Limits or position accountability levels with respect to each Contract as the SEF deems necessary to reduce the threat of market manipulation or congestion.
- (b) The SEF hereby adopts the Commission's Position Limitations for any Contract for which the Commission has adopted a Position Limit. In no event will the SEF set its Position Limits at a level higher than the Commission's Position Limits.
- (c) For Permitted Transactions, the SEF may set and enforce position accountability levels or send the Commission a list of the Permitted Transactions transacted on the SEF.
- (d) All Participants and Customers must comply with all SEF and Commission requirements regarding Position Limits or position accountability levels.
- (e) Each Participant required to file any report, statement, form or other information with the Commission pursuant to Commission Regulations concerning a Position Limit on any Contract or commodity underlying a Contract must simultaneously file a copy of such report, statement, form or other information with the SEF. Such information shall include, for Participants who are Intermediaries, information concerning the Customers for which transactions are made on the SEF.
- (f) Any Participant or Customer who exceeds a SEF or Commission Position Limit by entering into a transaction on the SEF shall be deemed in violation of the Rules of the SEF. In addition, any Participant or Customer entering bids or offers, if accepted, which would cause that Participant or Customer to exceed the applicable SEF or Commission Position Limit, shall be in violation of the Rules of the SEF.
- (g) Without limiting any provision of these Rules, the SEF shall have the authority to obtain from any Participant or Customer, on request, information with respect to all positions of such Participant or Customer in Contracts which are equivalent, for purposes of SEF or Commission Position Limits, to those transacted in by the Participant on the SEF.

## CHAPTER 5 RULE ENFORCEMENT

### Rule 501. Jurisdiction

- (a) The SEF shall have the authority to initiate and conduct investigations, and prosecute Violations of these Rules committed by ~~Participants and Customers~~ SEF Subject Persons, and to impose sanctions for such Violations as provided in these Rules.
- (b) Each Participant and Clearing Firm, upon becoming a Participant or Clearing Firm and thereafter upon any change of address shall file with the SEF a written notice designating an address for receiving service of documents. If a Participant or Clearing Firm fails to designate such an address, service by U.S. mail to its address on file with the SEF shall be good service, and delivery thereof shall be deemed to have occurred as of the date of such mailing.

### Rule 502. SEF Market Regulation Staff Powers and Duties

- (a) It shall be the duty of the Chief Compliance Officer to enforce these Rules, and he or she shall have the authority to inspect the books and records of all ~~Participants and Customers~~ SEF Subject Persons and the authority to require any ~~Participant or Customer~~ SEF Subject Person to appear before him or her to answer questions regarding matters being investigated by the Market Regulation Staff. The Chief Compliance Officer may also delegate such authority to Market Regulation Staff who shall consist of employees of the SEF, and such other Regulatory Services Providers as the SEF may hire on a contract basis. The Chief Compliance Officer shall ensure that surveillance systems are established to monitor trading to prevent manipulation and price distortion. Such monitoring may be done by the Market Regulation Staff or a third party provider, and shall include real time monitoring and the ability to conduct comprehensive and accurate transaction reconstructions.
- (b) The Market Regulation Staff shall conduct investigations of possible Violations of these Rules, prepare written reports respecting such investigations, furnish such reports to the Review Panel and conduct the prosecution of such Violations. An investigation must be commenced upon receipt of a request from Commission staff or receipt of information (such as data produced by automated surveillance systems) by the SEF that in the judgment of the Market Regulation Staff indicates a reasonable basis for finding that a Violation ~~has~~ may have occurred or will occur. Absent mitigating factors, each investigation will be completed no later than 12 months after the investigation is opened. Mitigating factors include the complexity of the investigation, the number of firms or individuals involved as potential wrongdoers, the number of potential Violations to be investigated and the volume of documents and data to be examined and analyzed by Market Regulation Staff.
- (c) If, in any case, the Chief Compliance Officer or another member of the Market Regulation Staff, designated for this purpose by the Chief Compliance Officer, concludes that there is a reasonable basis for finding a Violation of these Rules ~~may have occurred~~, he or she ~~may issue a warning letter, including for minor transgressions, or~~ shall present an investigation report concerning the matter to the Review Panel. ~~No more than one warning letter may be issued to the same person found to have committed the same Violation more than once in a rolling 12-month period.~~ The investigation report must include the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; Market Regulation Staff's analysis and conclusions; and a recommendation as to whether disciplinary action should be pursued. The report may also include the ~~Participant's or Customer~~ SEF Subject Person's disciplinary history at the SEF, including copies of any warning letters. The Market Regulation Staff may issue a warning letter, including for minor transgressions. However, no more than one warning letter may be issued to the same person found to have committed the same Violation more than once in a rolling 12-month period.
- (d) If, in any case, the Chief Compliance Officer or another member of the Market Regulation Staff, designated for this purpose by the Chief Compliance Officer, concludes that no reasonable basis exists for finding a Violation of these Rules, he or she must prepare a written investigation report including the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; and Market Regulation

Staff's analysis and conclusions. The Chief Compliance Officer or another member of the Market Regulation Staff may issue a warning letter in any case where it is concluded that no reasonable basis exists for finding a Violation of these Rules, without limitation on the number of warning letters issued to a person.

(e) Before presenting an investigation report to the Review Panel, the Market Regulation Staff may, in its sole discretion, inform the prospective Respondent that it intends to submit the matter to the Review Panel, and at such time the proposed Respondent may submit an offer of settlement to the Hearing Panel, in accordance with the procedures of Rule 509, prior to presentation of the investigation report to the Review Panel.

(f) The SEF has contracted with NFA to act as Regulatory Services Provider to provide certain regulatory services to the SEF, including reviews of the SEF's audit trail information for potential violations of SEF Rules. The SEF will retain ultimate decision-making authority with respect to any regulatory services to be provided by NFA.

(g) The SEF or its Regulatory Services Provider shall have the right, with such prior reasonable advance notice as is practicable under the circumstances (unless in furtherance of regulatory purposes, in which case without prior notice to ~~Participants or Customers~~ SEF Subject Persons), in connection with determining whether all SEF Rules are being, will be, or have been complied with by the ~~Participant or Customer~~ SEF Subject Person, to: (i) inspect systems, equipment and software of any kind operated by the ~~Participant or Customer~~ SEF Subject Person in connection with accessing, and the ~~Participant's or Customer~~ SEF Subject Person's transacting on, the SEF, wherever located; (ii) access, either physically or electronically, the systems, equipment, software, and the premises on which the systems, equipment, and software are located, any data stored in any of the systems or equipment, during the regular business hours; and/or (iii) copy or reproduce any data to which the SEF has access under this Rule. Each ~~Participant and Customer~~ SEF Subject Person shall provide the Regulatory Services Provider with the same access to its books and records and offices as it is required to provide to the SEF under the SEF Rules and Applicable Law.

### **Rule 503. The Review Panel**

(a) The Review Panel shall have the power to direct that an investigation of any suspected Violation be conducted by the Market Regulation Staff, and shall hear any matter referred to it by the Market Regulation Staff regarding a suspected Violation.

(b) The Review Panel shall be appointed by the Board, and shall be comprised of five persons, including at least two Participants and at least two non-Participants. In the case where the subject of the investigation is a Clearing Firm, at least one member of the Review Panel shall be a Clearing Firm. The Board shall appoint a chairman (the "**Review Panel Chairman**") of the Review Panel. At such time as may be required by the Commission Regulations, the Review Panel Chairman shall be a person who would not be disqualified from serving as a Public Director. Three panel members shall constitute a quorum for any action, so long as they are in attendance at the time of the relevant action. The Review Panel may not include any members of the Market Regulation Staff, or any person involved in adjudicating any other stage of the same Proceeding.

(c) All information, records, and documents provided to the Review Panel, and all related records and documents shall be treated as confidential and shall not be disclosed, except as necessary to further a SEF investigation or as required by Applicable Law.

(d) Upon receipt of an investigation report, the Review Panel shall promptly review the report and, within thirty (30) days of receipt, take one of the following actions:

(1) If the Review Panel determines that additional investigation or evidence is needed, it shall promptly direct the Market Regulation Staff to conduct further investigation;

(2) If the Review Panel determines that no reasonable basis exists for finding a Violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken. Such determination must be in writing and must include a written statement setting forth the facts and analysis supporting the decision; or

(3) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, it must direct that the ~~Participant or Customer~~ SEF Subject Person alleged to have committed the Violation be served with a notice of charges as set forth in Rule 504.

(e) If the Review Panel determines that there may have been a Violation but that no adjudication is warranted, the Review Panel may issue a warning letter to the ~~Participant or Customer~~ SEF Subject Person informing it that there may have been a Violation and that such continued activity may result in disciplinary sanctions. Where a Violation is determined to have occurred, no more than one warning letter for the same potential Violation may be issued to the same person during a rolling 12 month period.

#### **Rule 504. Notice of Charges**

(a) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, the Chief Compliance Officer shall serve a notice of charges (a “**Notice**”) on the ~~Participant or Customer~~ SEF Subject Person alleged to have been responsible for the Violation (such ~~Participant or Customer~~ SEF Subject Person, the “**Respondent**”). Such Notice shall state:

- (1) the acts, practices or conduct with which the Respondent is charged;
- (2) the Rules allegedly violated and how such acts, practices or conduct constitute a Violation of such Rules;
- (3) that the Respondent is entitled, upon written request filed with the SEF, within twenty (20) days of service of the Notice, to a formal hearing on the charges;
- (4) that the failure of the Respondent to request a hearing within twenty (20) days of service of the Notice, except for good cause shown, shall be deemed a waiver of its right to a hearing;
- (5) that the failure of the Respondent to file an Answer (as defined in Rule 505) with the Market Regulation Staff within twenty (20) days of service of the Notice shall be deemed an admission of all of the acts, practices or conduct alleged in the Notice; and
- (6) that the failure of the Respondent to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(b) A Respondent shall have the right to be represented by legal counsel or any other representative of its choosing in all succeeding stages of the disciplinary process, except by any member of the Board, Review Panel or Hearing Panel, any employee of the SEF or any person substantially related to the underlying investigation, such as a material witness or Respondent.

#### **Rule 505. Answer; Request for Hearing; Failure to Answer or Deny Charges**

(a) The Respondent shall serve on the Chief Compliance Officer a written answer (an “**Answer**”) to the Notice and a written request for a hearing on the charges within thirty (30) days of the date of service of the Notice. The Answer must include a statement that the Respondent admits, denies, or does not have and is unable to obtain sufficient information to deny each allegation. A statement of lack of sufficient information shall have the effect of a denial of the allegation.

(b) The Respondent’s failure to file an Answer within such thirty (30) day period shall be deemed an admission of all allegations contained in the Notice.

(c) The Respondent's failure to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(d) The Respondent's failure to request a hearing within such thirty (30) day period, absent good cause shown, shall be deemed a waiver of Respondent's right to a hearing.

#### **Rule 506. Selection of Hearing Panel**

(a) Formal hearings on any Notice shall be conducted by the Hearing Panel selected by the Board. The Hearing Panel shall include at least two Participants and at least two non-Participants. [In the case where any Respondent is a Clearing Firm, at least one member of the Hearing Panel shall be a Clearing Firm.](#) The Board shall also select a chairman of the Hearing Panel ("**Hearing Panel Chairman**"). At such time as may be required by the Commission Regulations, the Hearing Panel Chairman shall be a person who would not be disqualified from serving as a Public Director. The Hearing Panel Chairman, in his or her sole discretion, shall set a date for the hearing (the "**Hearing Date**"). The Hearing Panel may not include any members of the Market Regulation Staff, or any person involved in adjudicating any other stage of the same Proceeding.

(b) The Hearing Panel Chairman shall notify the Market Regulation Staff and the Respondent of the Hearing Date and the names of the members of the Hearing Panel at least fifteen (15) days prior to the Hearing Date.

(c) No member of the Hearing Panel shall hear a case in which that member has a direct financial, personal or other interest in the matter under consideration.

#### **Rule 507. Challenge to Members of the Hearing Panel**

Within ten (10) days after service on the Respondent of notice of the Hearing Date and names of the members of the Hearing Panel, the Respondent may challenge, in writing, the inclusion of any member of the Hearing Panel for cause, including without limitation, if the member has a direct financial, personal or other interest in the matter under consideration. The merits of such challenge shall be finally decided by the Regulatory Oversight Committee. If said written challenge is not received within such ten (10) day period, absent good cause shown, any such right to challenge is deemed waived.

#### **Rule 508. Hearing on Sanctions in the Event of Failure to Deny Charges; Failure to Request Hearing Deemed Acceptance of Sanctions**

In the event the Respondent fails to file an Answer or admits or fails to deny the charge of a Violation contained in the Notice, the Hearing Panel shall find the Respondent guilty of each such Violation and may impose a sanction for each such Violation subject to the limitations set forth in Rule 511(f). The Hearing Panel shall promptly notify the Respondent of any such sanction and of the Respondent's right to a hearing on the sanction within the period of time which shall be stated in the notice, after the imposition of such sanction. Failure to request a hearing on the sanction in a timely manner, absent good cause shown, shall be deemed to be acceptance of the sanction.

#### **Rule 509. Settlement Prior to Commencement of Hearing**

(a) Prior to the commencement of the hearing, the Hearing Panel may accept a written offer of settlement from the Respondent, whereby the Respondent, without either admitting or denying any Violations, may agree to:

(1) a cease and desist order;

(2) a fine for each Violation plus the monetary value of any benefit received as a result of the Violation (provided that in no case shall any fine exceed \$100,000 per Violation);

- (3) restitution of any counterparty harm; and/or
- (4) revocation or suspension of Trading Privileges or Customer [or Clearing Firm](#) status of the Respondent.

(b) If the Hearing Panel accepts an offer of settlement, it must issue a written decision specifying each Rule Violation it has reason to believe was committed, including the basis for the Hearing Panel's conclusions. The sanctions must include full counterparty restitution where counterparty harm is demonstrated, except where the amount of restitution or to whom it should be provided cannot be reasonably determined. If an offer of settlement is accepted without the support of the Market Regulation Staff, the decision must adequately support the Hearing Panel's acceptance of the settlement. Where applicable, the decision must include a statement that the Respondent has accepted the sanctions imposed without either admitting or denying any Violations. Any sanctions imposed pursuant to an offer of settlement must take into account the Respondent's disciplinary history.

(c) The Respondent may withdraw an offer of settlement at any time before final acceptance by the Hearing Panel. If an offer is withdrawn after submission, or is rejected by the Hearing Panel, the Respondent may not be deemed to have made any admissions by reason of the offer of settlement and may not be otherwise prejudiced by having submitted the offer of settlement.

#### **Rule 510. Hearing Procedures**

(a) In every instance where a Respondent has requested a hearing on a charge that is denied, or on a sanction set by the Hearing Panel pursuant to Rule 508, the Respondent will have the opportunity for a hearing in accordance with the procedures of this Rule.

(b) The Hearing Panel shall determine the procedures to be followed in any hearing before it, except that the following shall apply in every case:

(1) The hearing must be fair and must be promptly convened after reasonable notice to the Respondent.

(2) The prosecution shall be conducted by the Market Regulation Staff.

(3) The Respondent shall be allowed to appear personally at the hearing, and to be represented by legal counsel or any other representative of its choosing and, either personally or through such representative, to present witnesses and documentary evidence and to cross-examine witnesses.

(4) The Market Regulation Staff and the Respondent shall deliver to each other a statement listing the witnesses expected to be called and the documents expected to be introduced into evidence, together with copies of such documents, by ten (10) days' notice prior to the hearing or as the Hearing Panel may reasonably specify. Unless the Hearing Panel, in its discretion, waives compliance with this requirement, no witness may testify and no documentary evidence may be introduced into evidence unless listed in and, in the case of documents, furnished with such statement. On written request, the Market Regulation Staff shall provide the Respondent with access to all books, documents or other tangible evidence in the possession or under the control of the SEF which are to be relied upon by the Market Regulation Staff or which are relevant to the charges; provided, however, that protected attorney work product, attorney-client communications and investigative work product, including the investigation report, are neither discoverable by a Respondent nor subject to review by a Respondent as part of the investigation file.

(5) The SEF shall require that persons within its jurisdiction who are called as witnesses participate in the hearing and produce evidence, and will make reasonable efforts to secure the presence of all other persons called as witnesses whose testimony would be relevant. Failure by a **Participant or**

~~Customer~~SEF Subject Person to so participate and produce evidence when requested by the SEF shall be a Violation of these Rules.

(6) No formal rules of evidence shall apply, and the Hearing Panel shall be free to accept or reject any and all evidence it considers proper, but the hearing may not be so informal as to deny a fair hearing.

(7) Neither the Market Regulation Staff, the Respondent, any witnesses testifying before the Hearing Panel nor any other person within the SEF's jurisdiction shall engage in conduct that may impede the progress of a hearing or the fair and just resolution of the subject matter thereof, and any such conduct may itself constitute a Violation.

(8) Ex parte contacts by any of the parties with members of the Hearing Panel shall not be permitted.

(9) A substantially verbatim record capable of being accurately transcribed shall be made of the Proceeding, provided, however, that such record need not be transcribed, unless the transcript is requested by the Respondent or an applicable regulator, or unless the decision is appealed to the Commission or reviewed by the Commission on its own motion. In all other instances, a summary record of the hearing is permitted.

(10) The cost of transcribing the record of the hearing must be borne by a Respondent who requests the transcript, or whose application for Commission review of the disciplinary action has been granted. In all other instances, the cost of transcribing the record will be borne by the SEF.

(11) The Notice, the Answer, any stenographic transcript of the hearing, the documentary evidence and any other material presented to the Hearing Panel by either party with notice to the other shall constitute the record of the hearing (the "**Hearing Record**").

(12) The burden of proof shall be on the prosecution to prove a Violation by a preponderance of the evidence. A finding of a Violation shall be made by majority vote based on the Hearing Panel's decision as to the weight of the evidence contained in the Hearing Record.

(13) All sanctions imposed by the Hearing Panel must be commensurate with the Violations committed and must be clearly sufficient to deter additional similar Violations by the Respondent and similar Violations by other ~~Participants and Customers~~SEF Subject Persons. All sanctions must take into account the Respondent's disciplinary history. In the event of demonstrated counterparty harm, any sanctions must include full counterparty restitution, except where the amount of restitution or to whom it should be provided cannot be reasonably determined.

#### **Rule 511. Written Decision of Hearing Panel**

~~The~~Promptly following a hearing conducted in accordance with Chapter 5 of the Rules, the Hearing Panel shall render a written decision based upon the weight of evidence in the Hearing Record and must provide a copy to the Respondent. The written decision shall include:

- (a) a summary of the ~~Violations~~charges alleged in the Notice;
- (b) a summary of the Answer;
- (c) a summary of the evidence produced at the hearing or, where appropriate, incorporation by reference of the investigation report;

- (d) a statement of the findings and conclusions of the Hearing Panel with respect to each charge, and a complete explanation of the evidentiary and other basis for such findings and conclusions with respect to each charge;
- (e) an indication of each specific Rule that the Respondent was found to have violated; and
- (f) an order stating any sanctions imposed, including the basis for the sanctions, and the effective date of such sanctions; the sanctions that may be imposed on the Respondent shall be one or more of the following:
  - (1) a cease and desist order;
  - (2) a fine for each Violation plus the monetary value of any benefit received as a result of the Violation (provided that in no case shall any fine exceed \$100,000 per Violation);
  - (3) restitution of counterparty harm, except where the amount of restitution or to whom it should be provided cannot be reasonably determined; and/or
  - (4) the issuance of a suspension or revocation of Trading Privileges or Customer or Clearing Firm status of the Respondent.
- (g) The Hearing Panel shall take into consideration the Respondent's disciplinary history prior to imposing any disciplinary sanctions.

#### **Rule 512. Liability for Expenses**

Any Respondent that, after notice and opportunity for hearing, has been found to have committed a Violation may, in the discretion of the Hearing Panel appointed in the matter, be required to pay to the SEF an amount equal to any and all reasonable and documented out-of-pocket expenses incurred by the SEF in connection with the prosecution of such Violations, in addition to any fine or other monetary sanction which may be imposed upon such Respondent by virtue of the Violations found by the Hearing Panel.

#### **Rule 513. Effective Date of Sanctions**

- (a) If a Respondent submits an offer of a settlement to the Hearing Panel, any sanction included as a part of such settlement shall become final and effective on the date that the Hearing Panel approves such settlement, or on such other date as is specified in the decision.
- (b) Any decision (including any sanctions) by a Hearing Panel shall be the final decision of the SEF and shall become effective fifteen (15) days, or such longer time as the Hearing Panel may specify, after a copy of the written decision of the Hearing Panel has been served on the Respondent; provided, however, that in any case where the Respondent has consented to the action taken and to the timing of its effectiveness, the Hearing Panel may cause the decision involving any disciplinary action (including any sanctions) to become effective prior to the fifteen (15) day period.
- (c) Any fine or other monetary sanction imposed by a Hearing Panel shall be due and payable on the effective date of the decision imposing such fine or sanction, or on such later date as the Hearing Panel may specify.

#### **Rule 514. Summary Suspension**

- (a) A ~~Participant or Customer~~ SEF Subject Person (as identified by Market Regulation Staff in an investigation or by a Trading Privilege Holder acting as an Intermediary for such ~~Customer~~ SEF Subject Person) may be summarily and immediately suspended from trading on the SEF, upon a written

determination based on a reasonable belief, by the Chairman of the Regulatory Oversight Committee that such immediate action is necessary to protect the best interest of the market place.

(b) The ~~Participant or Customer~~[SEF Subject Person](#) against whom such summary action is taken shall be served with a notice of the action either before the action is taken or at the earliest possible opportunity thereafter. The notice shall state the action taken, the reasons for the action, the effective date and time, and the duration of the action.

(c) The ~~Participant or Customer~~[SEF Subject Person](#) may as soon as practicable, upon written request, have a hearing before the Hearing Panel pursuant to the procedures of Rule 510.

(d) Promptly following the hearing, the Hearing Panel shall render a written decision based upon the weight of the evidence in the record and shall provide a copy to the ~~Participant or Customer~~[SEF Subject Person](#). The decision shall include a description of the summary action taken, the reasons for the summary action, a summary of the evidence produced at the hearing, a statement of findings and conclusions, a determination that the summary action should be affirmed, modified or reversed, a declaration of any action to be taken pursuant to the determination, and the effective date and duration of the action.

#### **Rule 515. Extension of Time Limits**

- (a) For cash-settled Swaps, documentation demonstrating that the settlement price index is a reliable indicator of market values and conditions, is highly regarded by industry/market agents, and is publicly available on a timely basis.
- (b) Where an independent, private-sector third party calculates the referenced price index, verification that the third party utilizes business practices that minimize the opportunity or incentive to manipulate the cash settlement prices included in the index.

### **CLF Fixed vs Camara Floating Rate XCCY OIS**

CLF is an Inflation currency derived from the Inflation Index called UF. This swap can be called UF vs Camara or CLF vs Camara. Both (UF & CLF) names are synonymous.

This swap can be considered as Cross Currency Swap because the floating rate is CLP TNA against the Inflation Index currency on the fixed side.

This swap trades from 1 month up to 18 months zero coupon (at maturity) with maturity on the day 9th of the correspondent month, So can be long stub at the beginning of the month and short stub at the end of the month. Example. Today is 2013 October 1st, the Value Date is Oct 3rd (t+2), 1 year tenor will be for Oct 9th 2014 (371 days for 1 year trade), Now if today is October 22nd, Value Date Oct 24th then the 1 year trade will be for Oct 9th 2014 (350 days for 1 year trade).

### Rule 801(5) — Non Deliverable Swaps

An NDIRS/NDS trade has many trade terms. For example, notional amount, fixed interest rate, floating rate, reference rate, holiday convention, etc. The deal is agreed on the basis that net settlement will be made in USD, or another fully convertible currency, to reflect any differential between the agreed fixed rate and the actual floating rate on the settlement dates. Both NDS and ND IRS are quoted as Offer/Bid. For ND IRS the fixed leg is quoted, hence it is Fixed Income Swap.

#### ND IRS

- An agreement between two parties (known as counterparties) where one stream of future interest payments is exchanged for another based on a specified principal amount. Interest rate swaps often exchange a fixed payment for a floating payment that is linked to an interest rate (most often the LIBOR). The interest rate cash flows are net settled in a major currency on fixing date. A company will typically use interest rate swaps to limit or manage exposure to fluctuations in interest rates, or to obtain a marginally lower interest rate than it would have been able to get without the swap.
- Interest rate swaps are simply the exchange of one set of cash flows (based on interest rate specifications) for another. Because they trade OTC, they are really just contracts set up between two or more parties, and thus can be customized in any number of ways.

#### ND OIS:

- In Singapore, India IRS is traded as ND OIS.

#### NDS

- NDS typically refers to a non-deliverable cross currency Swap where the two legs are a major currency and a non-convertible currency. Periodic interest amount of the two legs are exchanged and converted into a Major currency for net settlement after fixing. NDS can also refer to a non-deliverable interest rate swap, with similar features to IRS, except that the interest rate cash flows are net settled in a major currency on fixing date.

#### Cross Currency Swap (CCS)

- On THB from time to time we see CCS being traded onshore. A CCS, also referred to as cross currency interest rate swap is an agreement between two parties to exchange principal and interest payments denominated in two different currencies. The exchange of interest rate can be in the form of fixed to fixed rate, or floating to fixed rate, or floating to floating rate.

  - Butterflies
    - Butterflies are a combination of two spreads/switches (e.g. 2 year by 5 year by 10 year).

#### Contract Size

- Minimum notional size is dependent on the associated Risk. It is represented in terms of DV01. For Emerging Markets ND IRS and NDOIS the minimum is 5K DV01. For NDS the minimum size is considered USD 5 Mio.

#### Risks associated with interest rate swaps

- A party entering a swap takes on exposure to a given interest rate; the exposure can be long or short depending on whether a counterparty is paying or receiving the fixed rate. At the same time, each party take on the risk known as counterparty credit risk – of the other party defaulting at some time during the life of the contract.

##### TIIE Swap Options

- [The Mexican Swap option market allows counterparties to buy or sell](#)
- [European style options of various maturities on the MXN fixed/float TIIE interest rate swap market.](#)

- These options enable option buyers the right but not the obligation to pay or receive a fixed interest rate at a given strike price on a given date in an agreed upon amount for a given swap maturity. Delta neutral strategies are for the most part quoted as Black and Scholes volatility expressed as a percentage of yield / underlying swap rate. Live premium prices for given structures are also quoted.
- Option Style: European style
- Expiration: 12:30pm New York time
- Premium Payment: Paid in MXN by buyer to option writer value one
- Mexican business day following trade date (T+2).
- Option Maturities:
  - Option maturities are by default, calculated using the Mexican TIIE 28-day calendar but can be date specific or conform to regular calendar maturities. Maturities are calculated from the trade date (T0) to the expiration date.
- Mexican TIIE calendar example:
  - In the case of a six month option using the 28-day TIIE calendar, option expiration will occur 168-days (6 coupons of 28-day TIIE) (T+168) from the trade date (T0).
    - T0 = September-23-2005
    - Expiration = March-10-2006 12:30pm New York time.
  - In the case of expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day following convention.
- USD Swap Option example:
  - In the case of plain vanilla calendar year calculations, a six-month option expiration will be calculated as the date exactly six calendar months after the trade date (T0).
    - T0 = September-23-2005
    - Expiration = March-23-2006 12:30pm New York time.
  - In the case of a MXN option, using this calendar with expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day modified following convention.
  - Option Settlement:
    - Currently, in the event of option exercise the physically delivered Interest Rate swap has an effective date one Mexican business day following option expiry.
  - Cash Settlement:
    - ICAP is currently taking the initiative in creating a daily Interest Rate Swap fixing mechanism to allow counterparties to cash

settle swaptions: dramatically reducing the trade's credit profile. ICAP is currently the calculation agent for USD swap fixings.

### TIIE Caps & Floors

- MXN TIIE caps and floors share the exact same payment calendar as TIIE interest rate swaps except for the initial TIIE reference. Caps and floors initially reference TIIE on trade date + 28 days, providing for one less calculation period than the corresponding interest rate swap maturity. Intrinsic value, if any, for each caplet or floorlet, is paid by option writer to option buyer in arrears for each subsequent calculation period on an Actual/360 day count basis using a following Mexican business day payment convention.
- Premium Payment:
  - Paid in MXN by buyer to option writer value one Mexican business day following trade date (T+2).

### UDI/LIBOR Cross Currency Swap

- The UDI vs LIBOR cross currency swap is structured as MXN peso fixed vs USD LIBOR floating swap where the MXN rate is paid as a Real rate of interest calculated to a Mexican Peso notional that is adjusted periodically to inflation using the UDI Index. The UDI Index is published on Reuters Page MEX14, Bloomberg and can also be found on the Banxico website, and is adjusted on a daily basis according to published inflation rates. Although UDI/LIBOR swaps are quoted in USD the value of the UDI Index in tandem with the fair value of Spot USD/MXN at the trade's inception, allows us to determine the structure's UDI notional amount which in turn enables the counterparties to adjust the MXN notional to inflation for each relevant calculation period. The UDI notional is calculated as follows:
  - USD Notional x Spot USD/MXN / UDI Index as published for value spot.
  - The structure of this swap requires an initial and final exchange of currencies.
    - Initial Exchange:
      - The UDI rate payer sells USD notional to the USD rate payer
      - The USD rate payer sells USD x Spot F/X in MXN to the UDI rate payer
    - Final Exchange:
      - The UDI Rate Payer sells UDI Notional to USD Rate Payer
      - The USD Rate payer sells USD notional to the UDI rate payer.
- The vanilla structure is: Effective date value spot. Semi-annual coupons of UDI vs 6-month USD LIBOR paid in arrears on an Act/360 modified following day count basis. The most traded maturity is currently the 10-year.
- On occasion UDI swaps are traded with 28-day TIIE as the floating rate. Price is adjusted using the LIBOR/TIIE cross currency basis swap value for the equivalent maturity vs the UDI/LIBOR fair value.

## TIPS Asset Swaps

Several variations of the inflation asset swap structure exist. In its simplest form it can be treated as consisting of two separate trades. In return for an upfront payment of par (par inflation asset swap) or the dirty price (market asset swap), the asset swap buyer:

Receives an inflation-linked bond from the asset swap seller. Typically the bond is trading away from par. Depending on the passed life of the trade the bond can trade substantially away from par.

Enters into a series of inflation swaps (equivalent to the OTC inflation bond described in Section 7.1) to pay the asset swap seller inflation coupons equal to that of the asset. In return the asset swap buyer receives regular floating rate payments of Libor plus (or minus) an agreed fixed spread. The transaction is shown in Figure 7.6. The fixed spread to Libor paid by the asset swap seller is known as the asset swap spread and it is set at a breakeven value such that the net present value of the transaction is zero at inception.

### Rule 802(1) — Credit Derivatives Indices

A credit default swap index is a credit derivative used to hedge credit risk or to take a position on a basket of credit entities (a CDS index is a portfolio of actively traded liquid names in a particular sector of the market). A credit default swap index is standardized, therefore highly liquid and trades on a very small bid-offer spread. This makes it is a primary market vehicle for gaining diversified credit exposure.

A new series of CDS indices are issued every six months and attributed a Series indicator by Markit Partners (previously issued series continue to be traded until their expiry date). Prior to the announcement of each series a group of investment banks is polled to determine the credit entities that will form the constituents of the new issue. On the day of issue a fixed coupon is decided for the each index based on the credit spread of the entities in the index. Once this has been decided the index constituents and the fixed coupon are published, and the indices can be actively traded. They are traded according to set rules, which cannot be altered. For example, each series has its own set of expiry dates.

The index is based on the below CDX indices. CDX indices contain North American and Emerging Market companies and are administered by CDS Index Company (CDSIndexCo) and marketed by Markit Group.

New series are determined on the basis of liquidity every 6 months.

<u>Indices</u>	<u>Tenors</u>
<u>CDX.NA.IG</u>	<u>3Y, 5Y, 7Y, 10Y</u>

CDX.NA.HY Index is composed of one hundred liquid constituents with high yield credit rating. The index is further divided into sub indices:

- CDX.NA.HY.BB
- CDX.NA.HY.B

Each HY Index and related sub-indices will begin on September 27 (or the Business Day immediately thereafter in the event that September 27 is not a Business Day) and March 27 (or the Business Day immediately thereafter in the event that March 27 is not a Business Day) of each calendar year (each such date, a “Roll Date”).

CDX.NA.IG Index is composed of one hundred and twenty five liquid constituents with investment grade credit rating. The index is further divided into sub indices:

- Coupon Rates: 25bp, 100bp, 500bp, 1000bp

Rolling dates: CDS Index roll semi-annually in March and September.

Recovery rate — Estimate of percentage of par value bondholders will receive after a credit event. CDS for investment grade bonds generally assume a 40% recovery rate. However, CDS for lower rated bonds are more dynamic and often reflect lower estimated recovery rates.

Trade types. CDS Index instruments can be traded either on an outright basis, or as a switch.

- Outrights: An agreement between two parties whereby one party pays the other party periodic payments for the specified life of the agreement
- Rolls/Switches/Spreads: A switch is a single Transaction that results in a simultaneous buy and sell of two or more underlying outright contracts. CDS indices are traded either in spread or in price terms, a generic term describing the difference, generally in basis points, between the levels of two reference values.

Settlement: if a credit event occurs then CDS Index contracts are cash settled.

- Cash settlement: The protection seller pays the buyer the difference between par value and the market price of a debt obligation of the reference entity.

Upfront payments: upfront payments are made at initiation of the trade. It incorporates the difference between the traded level and the index coupon, as well as accrued interest.

Order size: A minimum order size can be defined at the time of order entry.

Clearing House: ICE and LCH. The choice of clearing house is determined at the time of order entry and is based on qualification of each participant's clearing firm.

Additionally, please see clearable contract definitions at <https://www.theice.com/cdx>.

## Rule 802(2) — Credit Derivatives Tranches

Some of the credit indices are also available in a tranching format, which allows investors to gain exposure on a particular portion of the index loss distribution. Tranches are defined by attachment and detachment points. Defaults affect the tranches according to the seniority of the tranche in the capital structure.

<u>Indices</u>	<u>Tranches</u>
<u>CDX.NA.HY</u>	<u>0-10, 10-15, 15-25, 25-35, 35-100</u>
<u>CDX.NA.IG</u>	<u>0-3, 3-7, 7-15, 15-100</u>
<u>LCDX</u>	<u>0-5, 5-8, 8-12, 12-15, 15-100</u>

<u>Currencies</u>
<u>USD</u>
<u>EUR</u>

### Tranche Mechanics

The protection buyer of a tranche makes quarterly coupon payments to the protection seller and receives a payment in case there is a credit event in the underlying portfolio. Upfront payments are made at initiation and close of the trade to reflect the change in price. Coupon payments (500bps or 100bps per annum) are made until the notional amount of the tranche gets fully written down due to a series of credit events or until maturity whichever is earlier. Payments are made by the protection seller as long as the losses are greater than the attachment point and less than the detachment point for that tranche. Once the total loss reaches the detachment point, that tranche notional is fully written down. The premium payments are made on the reduced notional after each credit event.

For more information on these instruments, please see <http://www.markit.com>.

### Products — Rule 806:

- (1) Non Deliverable Forwards (NDFs)

### Product Specifications

NDF's are synthetic foreign currency forward contracts on non-convertible currencies or are traded on currencies with very little liquidity in the market place. These derivatives allow corporates and other investors to hedge or take positions to local currency movements without actually dealing in the underlying.

A (notional) principle amount, forward exchange rate and forward date are all agreed at the deal's inception. The difference is that there will be no physical transfer of the principle amount in the transaction. The deal is agreed on the basis that net settlement will be made in USD, or another fully convertible currency, to reflect any differential between the agreed forward rate and the actual exchange rate on the agreed forward date. It is a cash-settled outright forward.

The demand for NDF's arises principally out of regulatory and liquidity issues in the underlying currency, where overseas players are essentially barred from access to the domestic market.

When an NDF deal is contracted, a fixing methodology is agreed. It specifies how a fixing spot rate is determined on the fixing date, which is normally two working days before settlement, to reflect the spot value. The fixing spot rate is based on the reference page on either Reuters or Bloomberg. Settlement is made in the major currency, paid to or by the client, and reflects the differential between the agreed upon non-deliverable forward rate and the fixing spot rate.

The NDF is quoted using foreign exchange forward market convention, with two way prices quoted as bid/offer pips, at a premium or discount to the prevailing spot market. As with a normal forward transaction, the market user either buys or sells the NDF, depending on the position to be hedged or according to the view of the underlying currency of interest rates.

NDF's are a risk management tool used to hedge the risk of forward currency convertibility, which can result from a number of factors, including credit risk, sovereign risk, regulatory restrictions, or lack of settlement procedures. NDF's are typically utilized by banks, multinational corporations, investment managers, and proprietary traders to hedge currency risk. NDF's are also used as a tool to facilitate locking in the enhance yields of emerging market currencies.

i = 0 on the trade date, i = number of observations of the expiration date

E(i) = closing level of the index on date (i), expect for E0 which is the level of the index on the date of the first observation and E(N) which is the final settlement level

- Settlement
  - Variance swaps are cash settled.
  - If the difference between the realized Variance and the Variance Strike is positive the seller pays the difference to the buyer. If the difference between the realized Variance and the Variance Strike is negative the buyer pays the difference to the seller.
  - Settlement of a Variance Swap occurs after the expiration date and in line with the settlement convention of the underlying equity index.
- Market Disruption
  - As per the 2002 Equity Definitions, a Market Disruption event is triggered if member shares of the index which account for 20% of more of the capitalization of the index are not trading at any time in the last 30 minutes of the normal scheduled trading day. If market disruption occurs on a business day, then the close of this day will be omitted. Consequently, the Number of Observations will be reduced.
