3. Details

A. Clarification of the provisions on the Clearing of Index Futures and Index Options in the Clearing Conditions

In 2012, the Executive Board of Eurex Clearing decided to clarify the procedure for determination of the final settlement prices for STOXX[®] equity index derivatives.

In its circular 056/12, Eurex Clearing outlined the methodology of the final settlement price determination in case of trading interruptions in one or more components of the EURO STOXX 50[®] index. With integration of the weekly and month-end options (OES1/2/4, OMSX) into the main EURO STOXX 50[®] index options (OESX) this rule shall be applied for all expirations in EURO STOXX 50[®] index derivatives as well as STOXX[®] index derivatives which include EURO STOXX 50[®] index components.

To reflect this decision in the legal framework of Eurex Clearing, the following provisions will be amended as outlined in the Attachment 1:

- ◆ Chapter II Part 2 Number 2.4.2 and Part 3 Number 3.4.3 of the Clearing Conditions

The amendments with regards to topic A. will become effective on **27 March 2023**.
