7. EMISSIONS ALTERNATIVE DELIVERY PROCEDURE (“EADP”)

- 7.1 In the event of a Transfer Request Failure relating to ICE Deliverable UK Emissions Contracts other than the ICE UKA Auction Contract, the relevant Clearing Member may seek agreement of the Clearing House to make or take delivery beyond the point of failure (see prescribed “Emissions: Late & Failed Deliveries Timetable” in ICE User Guide and above) in a manner and on terms other than those required pursuant to the ICE Futures Europe Rules. The purpose of the EADP is to afford flexibility to Clearing Members in circumstances where it is envisaged that delivery will be possible but not within the prescribed timetable. Failure to deliver in accordance with ICE Futures Europe Rules and this Part A1 may nonetheless attract disciplinary action or a fine by ICE Futures Europe and/or the Clearing House notwithstanding any subsequent delivery in accordance with an EADP Agreement.
- 7.2 Each Clearing Member that enters into an EADP Agreement shall, pursuant to these Delivery Procedures, and without need for any further action on the part of the relevant Clearing Member or the Clearing House, be deemed to have agreed to indemnify the Clearing House in respect of all and any of the Clearing House’s costs, losses, charges and expenses incurred by the Clearing House in connection with the EADP, including, without limitation, any costs, losses, charges and expenses incurred as a result of

a failure on the part of the Clearing Member to meet its obligations under an EADP Agreement and the Clearing House's staff, operational and legal costs associated with the EADP.

7.3 In the event that a Clearing Member and the Clearing House enter into an EADP Agreement, the existing Contract will be dealt with in the manner specified in the EADP. If the existing Contract is to be liquidated under the EADP Agreement, this will be done on the basis of the Exchange Delivery Settlement Price. Delivery under an EADP Agreement will be subject to the requirements (including the indemnity) set out in this paragraph 7, the same Contract Terms as the Contract(s) replaced as a result of the EADP Agreement (subject to such new terms as are agreed in relation to any matter, which may (without limitation) include new terms in respect of price, delivery times or Deliverable), any directions the Clearing House may in its discretion issue and the terms of the EADP Agreement. A new Contract or Contracts shall arise pursuant to Part 4 of the Rules as a result of EADP being agreed.

7.4 Where EADP is agreed, as from the time that the Clearing Members' accounts are amended, as described in the EADP in the books and records of the Clearing House, the affected Clearing Members and the Clearing House shall all automatically and immediately be released from all their rights, liabilities and obligations in respect of the Contract or Contracts that gave rise to the EADP and such rights, liabilities and obligations shall be substituted for such amended obligations as are detailed in the EADP Agreement.

In the event that the Clearing Member and Clearing House are unable to enter into an EADP Agreement or effect delivery under EADP within a reasonable period of time after the Failed Delivery, the Clearing House will refer the matter to ICE Futures Europe and will consider in its absolute discretion what reasonable next steps it should take (if any). For example, and without limitation, the Clearing House may decide to Invoice back the affected Contracts, begin disciplinary proceedings, levy a fine, call additional Margin and/ or declare an Event of Default.

8. INVOICE CALCULATION

The Invoice and Account Sale will give details of all deliveries and amounts due to Sellers and payable by the Buyers in respect of deliveries of UKAs.

The value of confirmed deliveries of UKAs will be calculated as follows:

UKAs x Exchange Delivery Settlement Price (EDSP) on last day of trading for the relevant Contract month or the at the end of the trading period on the Contract Date of the relevant Contract, as applicable or Auction Clearing Price, where applicable
