**RE: Modifications to the CME and CBOT Exchange Fee Schedules to Remove References to Open Outcry/Pit Trading and Associated Exchange Fees for All Contracts Except CME Options on Eurodollar and SOFR Futures Contracts.
CBOT Submission No. 21-428 (2 of 2)**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. ("CME") and The Board of Trade of the City of Chicago, Inc. ("CBOT") (collectively, the "Exchanges") hereby certify to the Commodity Futures Trading Commission ("CFTC" or "Commission") modifications to the CME and CBOT Exchange fee schedules ("Fee Schedules") to remove certain references to open outcry/pit trading and the associated Exchange fees for the respective contracts, except CME Options on Eurodollar and SOFR Futures contracts, effective on October 1, 2021.

As previously certified to the Commission, commencing on October 1, 2021, all CME products, with the exception of Options on Eurodollar and SOFR Futures contracts ([CME Submission 21-357](#) dated August 27, 2021), and all CBOT products ([CBOT Submission 21-358](#) dated August 27, 2021) will no longer be available for open outcry trading in the trading pits and will fully transition from open outcry trading to trading via the CME Globex electronic trading platform and for submission for clearing via CME ClearPort. As a result, the Exchanges are removing references to open outcry/pit trading and the associated Exchange fees in the Fee Schedules.

The current and modified Fee Schedules are set forth in Exhibits 1 through 4, attached under separate cover.

The Exchanges reviewed the designated contract market ("DCM") core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA") and identified the following Core Principles as potentially being impacted:

Availability of General Information: As required by this Core Principle, the Exchanges will publish the modified Fee Schedules on the CME Group website to ensure that market participants have been advised of the amended Fee Schedules. The Exchanges also issued a Special Executive Report ("SER") to the marketplace regarding the permanent closure of most CME and all CBOT open outcry trading pits.

Financial Resources: The proposed modifications will not impact the Exchanges' ability to discharge its financial, operational, or managerial responsibilities as a DCM.

The Exchanges certify that the proposed modifications to the Fee Schedules comply with the CEA and the regulations thereunder. There were no substantive opposing views to this proposal.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
