**Re: Extension of the FX Market Maker Program -
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6(a), ICE Futures U.S., Inc. (“Exchange”) submits, by written certification, notice that the Exchange is extending the term of the FX Market Maker Program (“the Program”) through December 31, 2017, as set forth in Exhibit A. The Program was launched in its current form in May 2011 and was scheduled to terminate on December 31, 2018. However, the Exchange believes that the program has helped tighten markets in the covered products and that termination of the program may reduce liquidity. Therefore, the Exchange is extending the Program; provided, however, that the Exchange in its sole discretion may cancel the Program prior to December 31, 2018. The extension will become effective on October 10, 2017. All other Program terms remain unchanged.

The Exchange certifies that the Program complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the amendments comply with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program is structured so that it does not create incentives for participants to engage in market abuses such as manipulative trading or wash sales; nor does it impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a notice of pending certification was posted on the Exchange’s website. A redacted copy of this submission (consistent with the petition for Confidential Treatment filed contemporaneously with the Commission) may be accessed at (<https://www.theice.com/futures-us/regulation#rule-filings>). The Exchange is not aware of any substantive opposing views with respect to the extension, which will become effective on October 10, 2017.
