Re: Weekly Notification of Rule Amendments –Delivery Procedure Changes

Dear Mr. Kirkpatrick:

ICE Clear Europe Limited (“ICE Clear Europe”), a registered derivatives clearing organization under the Commodity Exchange Act, as amended (the “Act”), hereby submits to the Commodity Futures Trading Commission (the “Commission”) pursuant to Commission Regulation 40.6(d), a notification of changes to certain delivery procedures.

Pursuant to Commission Regulation 40.6(d)(2)(i), the purpose of this notification is to report certain non-substantive amendments and updates to the ICE Clear Europe Delivery Procedures relating to European emissions and UK power contracts.

In Part A of the Delivery Procedures (relating to European emissions contracts), ICE Clear Europe is modifying the timing for submission of delivery confirmation forms to be consistent with the timing of the expiration of the relevant contracts.

In Part C of the Delivery Procedures (relating to UK electricity contracts), ICE Clear Europe is removing certain references (and related provisions) for contracts that are no longer traded. The amendments also remove references to a pre-delivery authorization process and certain reports that are no longer used, as well as extend the deadline for certain authorization requests, in light of updates to ICE Clear Europe systems. In addition, the amendments modify the timing for submission of certain delivery confirmation forms to be consistent with the timing of the expiration of the relevant contracts.

ICE Clear Europe has posted a copy of this submission on its website concurrent with the filing of this submission.
