**Subject: Weekly Notification of addition of Approved Trade Source System to SwapClear**

Dear Mr Kirkpatrick

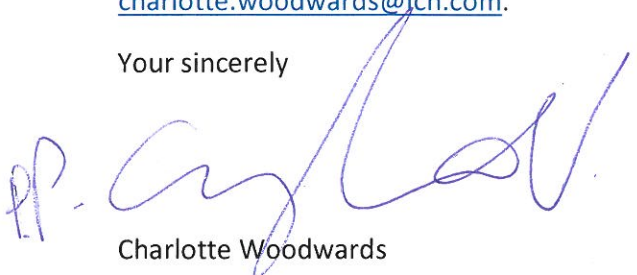

Please accept this notification, pursuant to CFTC regulations §40.6(d), of the addition of a new Approved Trade Source System for LCH Ltd's ("LCH") SwapClear service.

The SwapClear service has onboarded LatAm SEF, a Swap Execution Facility ("SEF"). Effective from 1<sup>st</sup> November 2017, LatAm SEF is connected to SwapClear and is able to provide SwapClear Transactions for clearing. The trading venue has also been added to the SwapClear list of Approved Trade Source Systems (which is publicly available on SwapClear's website [here](#)).

No changes to the LCH Rulebook were required.

Should you have any questions regarding this submission please contact me at [charlotte.woodwards@lch.com](mailto:charlotte.woodwards@lch.com).

Your sincerely

Charlotte Woodward

Senior Regulatory Advisor
