Re: ICE Clear Europe Self-Certification Pursuant to Commission Rule Rule 40.6 –
ICE Futures U.S. RIN and RVO Futures and Option on Futures Contracts Fee
Amendments

Dear Mr. Kirkpatrick:

ICE Clear Europe Limited (“ICE Clear Europe” or the “Clearing House”), a registered derivatives clearing organization under the Commodity Exchange Act, as amended (the “Act”), hereby submits to the Commodity Futures Trading Commission (the “Commission”), pursuant to Commission Rule 40.6 for self-certification, amendments to certain clearing fees applicable to its ICE Futures U.S. renewable identification number (“RIN”) and renewable volume obligation (“RVO”) contracts¹ as discussed herein. The amendments will become effective on the first business day following the tenth business day after submission, or such later date as ICE Clear Europe may determine.

Concise Explanation and Analysis

ICE Clear Europe is amending its clearing fees for ICE Futures U.S. RIN and RVO Futures and Option on Futures Contracts. For standard size Futures contracts the standard, EFS and block clearing fees will be increased to \$15.00 per lot. For Mini Futures contracts the standard, EFS and block clearing fees will be increased to \$1.50 per lot and for Option on Futures contracts the standard EFS and block clearing fees will be increased to \$15.00 per lot. Please see attached appendix for full details. The amendments do not otherwise change the terms and conditions of clearing under the contract.

¹ Capitalized terms used but not defined herein have the meanings specified in the IFUS RIN and RVO Futures Contracts or, if not defined therein, the ICE Clear Europe Clearing Rules.

Compliance with the Act and CFTC Regulations

The amendments to the clearing fees for the IFUS RIN and RVO futures and option on futures contracts are relevant to the following core principle: (L) Public Information, and the applicable regulations of the Commission thereunder.

- *Public Information.* ICE Clear Europe will make publicly available on its website the amendments to clearing fees for IFUS RIN and RVO Futures and Option on Futures Contracts as set forth above. As such, market participants will have sufficient information to identify and evaluate accurately the costs of clearing these contracts. ICE Clear Europe therefore believes the amendments are consistent with the requirements of Core Principle L and Commission Rule 39.21.

As set forth herein, the amendments consist of the changes to the clearing fees as set forth above.

ICE Clear Europe hereby certifies that the amendments comply with the Act and the Commission's regulations thereunder.

ICE Clear Europe received no substantive opposing views in relation to the amendments.

ICE Clear Europe has posted a notice of pending certification and a copy of this submission on its website concurrent with the filing of this submission.

If you or your staff should have any questions or comments or require further information regarding this submission, please do not hesitate to contact the undersigned at george.milton@theice.com or +44 20 7429 4564.

Very truly yours,
