Re: KalshiEX LLC – Volume Incentive Program: Amendment for March 2024

Dear Sir or Madam,

KalshiEX LLC (“Kalshi” or “Exchange”) hereby notifies the Commodity Futures Trading Commission (“CFTC”) that it is amending the terms of the Volume Incentive Program (“Program”), which was designed to encourage trading, increase volume and enhance pricing efficiency on Kalshi. The Exchange certified the terms of the Program on 2/14/2023, which became effective on 3/1/2023. The amendments will be effective on 3/1/2024, and the amended Program will remain in effect until the earlier of 3/1/2025, or a date on which Kalshi amends or terminates the Program.

The Exchange is amending the Program from a monthly to a weekly cadence. That is, Qualifying Volume will be accumulated over each calendar week, and incentives will be distributed the following week. To conform to this cadence, the Program tiers are now defined by Qualifying *Weekly* Total Volume instead of Qualifying *Monthly* Total Volume.

The reason for this change is to allow the Exchange to evaluate the performance of the Program and consider potential amendments to improve the economics or performance of the Program on a more frequent basis than the current monthly cadence.

Compliance with Core Principles

Kalshi has concluded that the amendments to the Program are not inconsistent with the CEA and the CFTC’s regulations. With respect to the amendment, the Exchange in particular considered **Core Principles 4 and 9**, in addition to the other core principles. The Exchange has concluded that the amendment complies with the core principles, as discussed in confidential appendix C.

The following core principles most directly pertain to the Program: **Core Principle 2 - Compliance with Rules; Core Principle 3 - Contracts not Readily Susceptible to Manipulation; Core Principle 4 - Prevention of Market Disruption; Core Principle 7 - Availability of General Information; Core Principle 9 - Execution of Transactions; Core**

Principle 12 - Protection of Markets and Market Participants; Core Principle 18 - Recordkeeping; Core Principle 21 - Financial Resources.

Kalshi Rule 3.6(f) allows Kalshi to create programs that provide incentives to Participants that encourage trading, and the amendments to the Program do not change this. The Program, including as amended, does not impact Kalshi's ability to perform its trade practice and market surveillance obligations under the CEA. The Program, including as amended, also does not render the Exchange's contracts readily susceptible to manipulation. Chapter 5 of Kalshi's Rulebook includes prohibitions against fraudulent, non-competitive, unfair or abusive practices, all of which apply to trading under the Program, including as amended. Kalshi staff will continue to monitor for manipulative trading, market abuse and other trading violations, including trading by participants in the Program. Additionally, Kalshi's systems will continue to track Program participants' volume to ensure proper distribution of earned incentives. The effective terms of the Program will be posted on the Exchange's website and publicly available. The Program, including as amended, does not impact the Exchange's order execution. The eligibility criteria for the amended Program are set forth in Appendix A, and are non-discriminatory and are designed to encourage wide participation in the Program amongst Kalshi's members. The increased volume and liquidity encouraged by the Program will enhance the competitiveness and efficiency of the market, and although the amendments may potentially reduce some of the enhanced liquidity, it will make the Program more sustainable, leading to an overall increase in liquidity relative to the state without the Program. Notification of the filing is posted to Kalshi's website. The terms of all Program iterations will be posted on the Exchange's website prior to implementation. Kalshi will keep records of participation in the Program. Finally, the Program, including as amended, will not negatively impact Kalshi's satisfaction of the financial resources requirements, and the amendments are intended to increase the financial soundness and sustainability of the Program.

Kalshi accordingly certifies that the program as amended continues to comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder, and certifies that, concurrent with this filing, a copy of this submission was posted on the Kalshi website and may be accessed at: <https://kalshi.com/regulatory/notices>.

Attached to this cover letter is a clean copy of the updated Program terms (Appendix A) as well as a "tracked changes" version showing the amendments (Appendix B) , and a confidential analysis of the amendments (Appendix C) for which the Exchange requests confidential treatment pursuant to Parts 40.8 and 145.9 of the Commission's Regulations.

If you have any questions or comments or require further information, please do not hesitate to contact me.

Sincerely,
Elie Mishory

Appendix A - Program Terms and Conditions

Program Purpose

The purpose of this Program is to increase volume and liquidity on the central limit order book and enhance pricing efficiency. More volume and liquidity on the central limit order book and more efficient pricing benefit all participants in the marketplace.

Program Scope and Duration

The Program applies to all Kalshi markets. The Program will be effective March 1, 2024, and continue until the earlier of March 1, 2025, or the date that Kalshi amends or terminates the Program.

Eligible Participants

All Kalshi members are eligible to participate in the Program, however, affiliates of Kalshi are not eligible to participate in the Program.

Program Terms

- Obligations:

In order to be eligible to receive the incentives, participants must meet predetermined trading volume thresholds.

- Incentives:

Participants that satisfy the obligations will receive incentives according to the following schedule:

Tiers	Qualifying Weekly Total Dollar Volume	% Dollar Rebate At Tier
Tier 1	\$12,500	0.625%
Tier 2	\$25,000	0.875%
Tier 3	\$62,500	1.000%
Tier 4	\$125,000	1.125%
Tier 5	\$312,500	1.400%

Qualifying Total Weekly Dollar Volume is all of the participant's trades during a given month that are executed on the central limit order book at prices between \$.03 and \$.97.

Limit on the incentive amount (“Cap”): the maximum rebate under the Program for each week is capped at \$7,000.

Special rule for volume in an annual series¹ of the “Will \$INX close <above/below/between> <value> on <date>?” contract and the annual series² of the “Will the Nasdaq-100 close <date> <above/below/between> <value>?” contract:³ Each \$1 of volume (between \$.03 and \$.97) on these contract series will only count as \$0.80 for the Program. To illustrate, a Program participant who does \$100 of volume in an INXY contract will have \$80 for the purpose of computing the participant’s Qualifying Monthly Total Dollar Volume, not \$100. Similarly, the \$100 of volume in the INXY contract will count as \$80 for the purpose of the “% Dollar Rebate At Tier”.

Note: all trading is subject to the rules in Kalshi's Rulebook Chapter 5.13, among other relevant Federal laws and regulations.

Monitoring and Termination of Status

Kalshi shall monitor trading activity and participants’ performance and shall retain the right to revoke participant status if Kalshi’s Chief Regulatory Officer concludes from review that a participant’s participation in the program is abusive or in any way inconsistent with the purpose of the Program.

Kalshi may end the Program at any time.

¹ The ticker for contracts in this series begins with INXY, as well as the INXD-24DEC31 contract.

² The ticker for contracts in this series begins with NASDAQ100Y.
