

NHIGH

Scope: These rules shall apply to the contract referred to as NHIGH.

Underlying: The Underlying for this Contract is the maximum temperature recorded for the specified <date> published in the National Weather Service's ("NWS") Daily Climate Report for Central Park, New York. Revisions made to the Underlying made after Expiration will not be taken into account.

Instructions: The Daily Climate Report for Central Park, New York can be accessed here: <https://www.weather.gov/wrh/climate?wfo=okx> Click on "Observed Weather". Under "Choose a Location", select "Central Park NY". The Underlying is in the section labeled "Temperature" and "Yesterday" in a column titled "Observed Value" and row titled "Maximum". Temperatures are reported in degrees Fahrenheit. As stated on the NWS website, "These data are preliminary" and "are subject to revision." Data that is revised past the Expiration Date and Expiration time of the contract will not be used to determine the Expiration Value of the Contract. Revisions made during the statistical period or the period between the Last Trading Date and Time and Expiration Date and Expiration time may be taken into account in settling the contract. These instructions are provided for convenience only and may be modified or clarified at any time.

Source Agency: The Source Agency is the National Weather Service ("NWS").

Type: The type of Contract is a Binary Contract.

Issuance: The Contract is based on the outcome of a recurrent data release which is issued on a daily basis. Thus, Contract iterations will be issued on a recurring basis, and future Contract iterations will generally correspond to the next day

Degrees: Kalshi may list NHIGH contracts with <degrees> levels that fall within an inclusive range between a maximum value of 130 degrees Fahrenheit and a minimum value of -30 degrees Fahrenheit at consecutive increments of 1 degree. Due to the potential for variability in the Underlying, the Exchange may modify <degrees> levels in response to suggestions by Members.

Date: <date> refers to a date specified by Kalshi. Kalshi may list contracts corresponding to different statistical periods of <date>.

Payout Criterion: The Payout Criterion encompasses the Expiration Values that are <greater than/less than/between> <degrees>. If the value of <greater than/less than/between> is "between", then <degrees> shall be a pair of degrees, and an Expiration Value that is greater than

or equal to the lower value of the degree pair and less than or equal to the greater value of the degree pair are encompassed in the Payout Criterion. If the value of <greater than/less than/between> is “greater than”, then the Payout Criterion only encompasses Expiration Values that are strictly greater than <degrees> (e.g. if the strike variable values are “greater than” and “56 degrees”, then an Expiration Value of 56 degrees is not encompassed in the Payout Criterion). If the value of <greater than/less than/between> is “less than”, then the Payout Criterion only encompasses Expiration Values that are strictly less than <degrees>.

Minimum Tick: The Minimum Tick size for the referred Contract shall be \$0.01.

Position Limit: The Position Limit for the \$1 referred Contract shall be \$25,000 per Member.

Last Trading Date: The Last Trading Date shall be <date> and the Last Trading Time will be 11:59pm ET.

Expiration Date: The Expiration Date of the Contract shall be the sooner of the first ~~10:00 AM ET~~ **7:00 or 8:00 AM ET** following the release of the data for <date>, or one week after <date>.

Expiration time: The Expiration time of the Contract shall be ~~10:00 AM ET~~ **the sooner of the first 7:00 or 8:00 AM ET following the release of data for <date>.**

Expiration time: The Expiration time of the Contract shall be ~~10:00 AM ET~~ **8:00 AM ET.**

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(c) of the Rulebook. Additionally, as outlined in Rule 7.2 of the Rulebook, if any event or any circumstance which may have a material impact on the reliability or transparency of a Contract’s Source Agency or the Underlying related to the Contract arises, Kalshi retains the authority to designate a new Source Agency and Underlying for that Contract and to change any associated Contract specifications after the first day of trading.
