**RE: Modifications to the International Incentive Program
COMEX Submission No. 23-290 (4 of 4)**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. ("CME"), The Board of Trade of the City of Chicago, Inc. ("CBOT"), New York Mercantile Exchange, Inc. ("NYMEX"), and Commodity Exchange, Inc. ("COMEX") (collectively, the "Exchanges") hereby notify the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to modify the International Incentive Program ("Program" or "IIP"). The modifications to the Program will become effective on August 1, 2023.

Exhibit 1 sets forth the terms of the Program. Modifications appear below, with additions underlined and deletions ~~overstruck~~.

The Exchanges reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, the Exchanges' staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, Availability of General Information, and Recordkeeping.

The Program does not incentivize manipulative trading or market abuse and does not impact the Exchanges' ability to perform their trade practice and market surveillance obligations under the CEA. The Exchanges' market regulation staff will monitor trading in the products under the Program to prevent manipulative trading and market abuse. The incentives in the Program do not impact the Exchanges' order execution. Participants in the Program will be selected by the Exchanges' staff using criteria as further stated in Exhibit 1. Chapter 4 of the Exchanges' rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules. The Program is subject to the Exchanges' record retention policies which comply with the CEA.

CME, CBOT, NYMEX, and COMEX certify that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

If you require any additional information regarding this submission, please e-mail CMESubmissionInquiry@cmegroup.com or contact Rachel Johnson at 312-466-4393 or via e-mail at Rachel.Johnson@cmegroup.com. Please reference our COMEX Submission No. 23-290 in any related correspondence.

INTERNATIONAL INCENTIVE PROGRAM

Program Purpose

The purpose of this Program is to incentivize proprietary trading firms located outside North America to trade the products listed below. The resulting increase in liquidity in the products listed below benefits all participant segments in the market.

Product Scope

Certain CME, CBOT, NYMEX, and COMEX products available for trading on the CME Globex® Platform, and all open outcry transactions for CME Interest Rate options (“Products”).

Eligible Participants

There is no limit to the number of participants that may be selected in the Program. All approved CME, CBOT, NYMEX and COMEX non-members may participate. Only proprietary trading firms located outside of North America and traders located outside of North America are eligible.

To qualify as a proprietary trading firm under IIP a firm must:

Be a legal entity that trades its own capital. Trading funds must be exclusively firm funds and all trading must be done in the firm’s accounts. Further, to qualify for IIP, a proprietary trading firm must meet the following criteria:

- All trading must be done in proprietary trading accounts held in the name of the firm.
- All trading must be done electronically by owners, employees or contractors of the firm.
- Only the firm’s capital can be at risk of loss; that is, no traders may make any trading capital contributions or payments to the firm nor have any capital at risk in connection with their trading of the firm’s proprietary accounts.
- All trading must be solely for the benefit of the firm. No other individuals or entities can have any ownership interest in these accounts.
- All funds contributed to and traded under the firm are subject to loss from any and all trading activity of the firm.
- All profits and losses of the account are booked to income of the firm.
- Net profits of the account after the distribution of trader incentives and deduction of expenses are taxed to the firm.
