RE: Weekly Notification of Rule Amendments: Nadex Adds Discretionary Strikes for the Week of January 30, 2017 - Submission Pursuant to Commission Reg. §40.6(d)

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and section §40.6(d) of the regulations promulgated by the Commodity Futures Trading Commission (the “Commission”) under the Act (the “Regulations”), and by the authority granted in Nadex Rule 12, North American Derivatives Exchange, Inc. (“Nadex”, the “Exchange”) hereby provides notice that due to volatility in the underlying markets upon which the Nadex contracts are based, Nadex added strike levels on a discretionary basis in its Intraday 11am Expiration Gold Binary contracts on February 8, 2017. Nadex returned to its regular listing for these contracts on February 9, 2017. Additionally, due to volatility in the underlying markets, Nadex added additional strike levels on February 9, 2017 in its Daily US SmallCap 2000 Binary contracts, and returned to its regular listing schedule for these contracts on February 10, 2017. Finally, on February 10, 2017, Nadex added additional strike levels in its Daily Copper 2000 Binary, and Intraday 1pm Expiration USD/JPY Binary contracts. Nadex plans to return to its regular listing schedule for all contracts on February 13, 2017. The specific added discretionary strike levels are attached in Exhibit A.

Nadex hereby certifies that the additions and amendments contained herein comply with the Act, as amended, and the Commission Regulations adopted thereunder. No substantive opposing views were expressed to Nadex with respect to these additions. Nadex hereby certifies that notice of these events was posted on its website at the time of this filing.
