Specifically, the Exchange are amending the Table to add special price fluctuation limits for extended trading hours defined as 17:00 – ~~7:20~~ **7:00** CST and to differentiate from those special price fluctuation limits for regular trading hours defined as ~~7:20~~ **7:00** – 17:00 CST. The current special price fluctuation limits during regular trading hours shall remain unchanged. These amendments are intended to implement more suitable special price fluctuation limits during certain trading hours where there is reduced liquidity. The levels, differentiated by regular and extended trading hours, will better support prevailing market volatility and liquidity conditions during those respective trading time periods.

The amendments to the Table are provided in blackline format, under separate cover as Appendix A.

The Exchanges reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA”) and staff identified that the rule amendments may have some bearing on the following Core Principles:

- Prevention of Market Disruption: The amendments reflect the Exchanges' efforts to more effectively protect the market from large price fluctuations of the Contracts. The Exchanges believe that the amendments are consistent with this Core Principle requiring the Exchanges to maintain and promote an orderly market.
- Availability of General Information: The Exchanges will amend the COMEX/NYMEX rulebook accordingly on the effective date which is publicly available on the CME Group website. In addition, the Exchanges will publish industry notifications to advise the marketplace of these amendments. The industry notifications will also be posted on the CME Group website.
- Execution of Transactions: The amendments will further enable the Exchanges to continue their current practice of providing a competitive, open, and efficient market mechanism for executing transactions.

Pursuant to Section 5c(c) of the Act and CFTC Regulation 40.6(a), the Exchanges hereby certify that the amendments comply with the Act, including all regulations under the Act. There were no substantive opposing views to this proposal.

The Exchanges certify that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

Should you have any questions concerning the above, please contact the undersigned at (212) 299-2200 or via e-mail at CMEGSubmissionInquiry@cmegroup.com.

Sincerely,

/s/ Christopher Bowen
Managing Director and Chief Regulatory Counsel
