Re: Gemini Titan, LLC Product Self-Certification under 17 C.F.R. § 40.2(a) for "Will the New York Yankees be Leading after 5 Innings of the New York Yankees at Minnesota Twins game on September 16, 2026?" Event Contract.

Dear Mr. Kirkpatrick,

Pursuant to 17 C.F.R § 40.2(a), **Gemini Titan, LLC** (the "**Exchange**"), a designated contract market ("**DCM**"), hereby notifies the Commodity Futures Trading Commission (the "**Commission**") of its intention to list "**Will the New York Yankees be Leading after 5 Innings of the New York Yankees at Minnesota Twins game on September 16, 2026?**" (the "**Contract**") for trading on the Exchange no earlier than Wednesday, September 16, 2026, which is no earlier than one business day following this submission.

Consistent with CFTC Staff Letter No. 26-08 (March 12, 2026) and CFTC Staff Letter No. 26-22 (July 24, 2026), the Exchange submits this Contract as a single, specific event contract identifying one named team, one named game, and one identified settlement source, rather than as a Broad Template Certification. The Exchange intends to rely on this certification as the referenced contract for a subsequent event contract series certification to be filed pursuant to 17 C.F.R. § 40.2(d), covering other teams, the tie outcome, and MLB games that share an identical settlement source and methodology with this Contract, all evaluated at the same fixed measurement window of the completion of the fifth inning.

Along with this letter, the Exchange hereby submits:

(i)The Contract's Rules/terms and conditions as Attachment A;

(ii)A concise explanation and analysis demonstrating that the Contract complies with the Commodity Exchange Act (the "**Act**") as confidential attachment B; and

(iii)A confidential treatment request made pursuant to 17 C.F.R. § 145.9.

The Exchange hereby certifies that the listing of the Contract complies with the Act and the Commission regulations promulgated thereunder. The Exchange also certifies that it is not aware of any substantive opposing views regarding the listing of the Contract, and that this submission, except for the appendices for which confidential treatment has been requested, has been concurrently posted on the Exchange's website at https://www.gemini.com/titan/product-filings.

The Exchange respectfully requests confidential treatment for the materials identified in the separately attached confidential treatment request (the **"Confidential Materials"**). This request is made pursuant to 17 C.F.R. § 145.9 and should be construed to cover the Confidential Materials in their entirety. If the Commission receives a FOIA request for the Confidential Materials, please notify the undersigned so the Exchange may provide the detailed written justification contemplated by the Commission's FOIA rules. The Exchange understands that the request itself may be treated as a public document under § 145.9(d)(6).

If you have any questions regarding this submission, please contact the undersigned at the information below.

Sincerely,

Andrew R. Beatty
Chief Legal Officer
Gemini Titan, LLC

Attachment A

Rule Text for “Will the New York Yankees be Leading after 5 Innings of the New York Yankees at Minnesota Twins game on September 16, 2026?”

(a)General

(1)These Contract Rules govern the trading of “Will the New York Yankees be Leading after 5 Innings of the New York Yankees at Minnesota Twins game on September 16, 2026?” (the “Contract”) on the Exchange and the clearing of the Contract through the Clearing House.

(2)Capitalized Terms used, but not defined herein, have the meanings ascribed to them in the Exchange Rulebook.

(3)This Contract references a single, identified team, a single fixed measurement window (the completion of the fifth inning), and a single identified MLB game, and does not admit of any additional parameters, iterations, or permutations. The Exchange intends to separately submit a certification pursuant to 17 C.F.R. § 40.2(d) that references this Contract as the basis for an event contract series covering other teams, the tie outcome, and MLB games that share an identical settlement source and methodology with this Contract, all evaluated at the same fixed measurement window of the completion of the fifth inning.

(b)Underlying

(1)The Underlying for the Contract is whether the New York Yankees are Leading at the completion of the fifth inning of the game scheduled between the New York Yankees and the Minnesota Twins on September 16, 2026, at Target Field, Minneapolis, Minnesota, with a scheduled first pitch of 1:40 PM ET (the “Game”), as documented by the Source Agency. For purposes of the Contract, the New York Yankees are “Leading” if, at the completion of the fifth inning (comprising both the top half and bottom half) of the Game, the New York Yankees have scored strictly more runs than the Minnesota Twins. If, at that point, both teams have scored an identical number of runs, the Game is tied after the fifth inning, which is a normal and expected outcome for purposes of the Contract; a tie at that point is separately covered by the Exchange’s companion event contract referencing whether the Game is tied at the completion of the fifth inning. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

(2)The Contract is cash-settled and applies solely to the Game. For purposes of the Contract, the “New York Yankees” and the “Minnesota Twins” refer to the Major League Baseball teams of those names participating in the Game, regardless of the roster of players who participate in the Game on behalf of either team.

(3)The Source Agency is MLB.com and its official Stats API (statsapi.mlb.com). If the Source Agency is not available, the Exchange may use the following, in hierarchical order, as a backup: (i) ESPN and (ii) NBC, TBS, Apple, Netflix, Fox, or the official broadcast or streaming partner of the Game.

(4)The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration Time.

(c)Contract Size

(1)The Contract has a notional size of one dollar ($1.00).

(d)Settlement and Expiration

(1)The Payout Criterion for the Contract is whether the New York Yankees are Leading at the completion of the fifth inning of the Game, subject to the following rules:

(i)The Contract resolves to $1.00 if the New York Yankees have scored strictly more runs than the Minnesota Twins at the completion of the fifth inning of the Game, as officially determined under MLB's official scoring rules.

(ii)The Contract resolves to $0.00 if the New York Yankees have not scored strictly more runs than the Minnesota Twins at the completion of the fifth inning of the Game, as officially determined under MLB's official scoring rules, including because the Minnesota Twins have scored more runs than the New York Yankees or because the two teams have scored an identical number of runs (a tie) at that point. A tie at the completion of the fifth inning is a normal and expected outcome and, consistent with subsection (b)(1) above, does not alter the binary resolution of this Contract.

(iii)If the fifth inning of the Game is completed (i.e., both the top half and bottom half of the fifth inning have been played), the Underlying is fixed at that point, and the Game being subsequently shortened, called, suspended, postponed, or cancelled does not affect settlement, regardless of the number of additional innings completed and without waiting for any resumption of play.

(iv)If the Game is postponed prior to commencement for any reason (including rain, weather, or field conditions), the Contract shall remain open and active pending the rescheduling and completion of at least the fifth inning of the Game.

(v)If the Game commences but is suspended prior to the completion of the fifth inning, and is intended by MLB to be resumed and the fifth inning completed at a later date (including on a subsequent day), the Contract shall remain open and active, expiring one hour after the fifth inning is completed, as reported by the Source Agency.

(vi)If, under clause (iv) or (v) above, the fifth inning of the Game is not completed and no result is recorded by the Source Agency by the final scheduled day of the current MLB regular season (or, if the Game is a postseason game, the final scheduled day of the applicable postseason round), the Contract shall resolve to the last fair price determined in the sole discretion of the Exchange. If the Game is postponed or suspended for more than two weeks before the fifth inning is completed, the Exchange may in its sole discretion resolve the Contract to the last fair price determined in its sole discretion.

(vii)If the Game is officially cancelled before the fifth inning is completed, with no result declared and no make-up game scheduled, the Contract shall resolve to the last fair price determined in the sole discretion of the Exchange.

(viii)The value as recorded by the Source Agency at the Expiration Date determines settlement. Changes to the result occurring after the Expiration Date will not affect settlement.

(2)The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1 of the Rulebook.

(3)The Expiration Date of the Contract shall be the date one hour after the completion of the fifth inning of the Game, as reported by the Source Agency, or as otherwise determined pursuant to Section (d)(1) above.

(4)The Expiration Time of the Contract shall be one hour after the completion of the fifth inning of the Game, as reported by the Source Agency.

(e)Listing and Trading Hours

(1)As outlined in Rule 5.16 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange.

(2)The Last Trading Date and Last Trading Time of the Contract will be the same as the Expiration Date and Expiration Time.

(f)Price Limits and Minimum Quote Increment

(1)The Minimum Quote Increment for the Contract is $0.01, provided that the Exchange may set a smaller Minimum Quote Increment for the Contract, which may be as small as $0.0001, pursuant to Rule 13.1(c) of the Rulebook.

(2)There shall be no Orders for transactions in the Contract at a price less than one cent ($0.01) or more than ninety-nine cents ($0.99).

(g)Position Accountability and Position Limits

(1)The position accountability level shall be $25,000 of notional exposure.

(2)No position limits apply. The Contract is not considered an economically equivalent swap under 17 C.F.R. §150.1.

(h)Additional Settlement Contingencies

(1)Before Settlement, the Exchange may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 7.1 of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date (including because the Game is cancelled before the fifth inning is completed, the fifth inning is otherwise never completed, or a team has forfeited, withdrawn, or been disqualified in a scenario not described above), the Exchange has the right to determine payouts pursuant to Rule 7.1 of the Rulebook.
