The Contracts settle on whether a designated basketball team earns a specified competition placement achievement within a designated time period, based on officially recorded statistics, subject to the terms of the contract and market specifications and Chapter 13 of the DKeX Rulebook. The Contracts are categorized as swaps. This submission shall become certified by September 29, 2026, and the Contracts will be listed for trading on the Exchange thereafter.

The Exchange is including herein a concise summary of the NBAOUTRIGHT Contracts’ terms and conditions, and attaching Exhibit A which contains the NBAOUTRIGHT Contracts’ terms and conditions, and Exhibit B which contains the Exchange’s analysis of the NBAOUTRIGHT Contracts’ compliance with applicable provisions of the Commodity Exchange Act (the “CEA”), including the Core Principles and Commission’s Regulations thereunder.

As required by Commission Regulation 40.2(d)(1), DKeX hereby certifies that, with regard to the Swaps:

- ii) Each particular Swap within the certified class of Swaps is based upon an excluded commodity with an identical pricing source, formula, procedure, and methodology for calculating reference prices and payment obligations;

iii) The pricing source, formula, procedure, and methodology for calculating reference prices and payment obligations in each particular Swap within the certified class of swaps is identical to a pricing source, formula, procedure, and methodology for calculating reference prices and payment obligations in a product previously submitted to the Commission and certified or approved pursuant to Regulation 40.2 or Regulation 40.3; and

iv) Each particular Swap within the certified class of Swaps is based upon an excluded commodity involving an identical currency or identical currencies.

The Exchange hereby certifies that the Swaps comply with the Act, as amended, and the CFTC Regulations adopted thereunder. No substantive opposing views were expressed to the Exchange by governing boards or market participants with respect to this certification. The Exchange hereby certifies that a copy of this submission was concurrently posted on the DKeX website.

Concise Explanation and Analysis of the Product and Its Compliance with Applicable Provisions of the Act, Including Core Principles and the Commission's Regulations Thereunder

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The "Will [entity] earn [achievement] during [time period] of [event]?" Contract (NBAOUTRIGHT) is a Binary Contract that settles on whether a designated National Basketball Association (NBA) team earns a specified competition placement, such as winning the NBA championship, a conference or division title, or a playoff series, or qualifying for the playoffs, as officially confirmed, as determined under the NBAOUTRIGHT Contract Specifications and the applicable Market Specifications.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices C and D.

II. General Contract Terms and Conditions

The Contract operates as a Binary Contract as defined in the Rulebook. The Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.0001 (one-hundredth of one cent) to enable Members to calibrate the size of their positions to their economic exposure. Contracts may only be listed at values of at least \$0.0001 and at most \$0.9999. As set forth in Rule 5.15 of the Rulebook, trading shall be available 23 hours a day, 7 days a week, with the daily maintenance window announced on the Exchange's website. Members may be charged fees in connection with the trading of Contracts in such amounts as may be revised from time to time and reflected on the website, as provided in Rule 3.9 of the Rulebook.

The Contract's payout structure is that of a Binary Contract: when the Contract expires with a Market Outcome of YES, the Settlement Value is paid to holders of long positions; when the Contract expires with a Market Outcome of NO, the Settlement Value is paid to holders of short positions. The Expiration Value is determined from the Official Result reported by the applicable Source Agency, as set forth in the Contract Specifications. Where an outcome cannot be determined under the Contract Specifications' contingency provisions, the Contract resolves to the last fair market price, as determined by the Exchange. During the period that trading is open, Members may freely adjust their positions. The Expiration Value and Market Outcome are determined at or after the Expiration Date. The Exchange then settles the Contract in accordance with Rule 6.3 of the Rulebook. Specification of the circumstances that trigger a Market Outcome of YES is set forth in the Payout Criterion of the Contract Specifications.

These Contract Specifications govern the trading of **NBAOUTRIGHT** Contracts on the Exchange. Capitalized terms used, but not defined herein, have the meanings ascribed to them in the Rulebook.

This Contract settles on whether a designated basketball team earns a specified competition placement achievement within a designated time period. Valid achievements are limited to the competition placements enumerated in Section 2.2. The Payout Criterion is not satisfied by projections or unofficial standings; it requires the applicable achievement to be officially confirmed.

This Contract references the National Basketball Association (NBA) exclusively. The Exchange publishes market-specific terms for each listed Contract (the “Market Specifications”), which set the applicable parameters for that Contract. The Market Specifications may not conflict with these Contract Specifications.

A valid [entity] must:

- Be a team participating in or eligible to participate in [event]; and
- Be capable of producing a determinable YES or NO outcome for purposes of the Payout Criterion.

[entity] refers to teams or individual players in the National Basketball Association (NBA). Additional competitions may be added only by amendment pursuant to Part 40 of the Commission's regulations.

If [entity] undergoes renaming, relocation, or restructuring but maintains substantial continuity, it shall be treated as the same [entity]. The Exchange will announce such determinations if relevant.

2.2 [achievement]

[achievement] refers to the specific accomplishment whose occurrence is the subject of the Payout Criterion, as specified by the Exchange.

Valid [achievement] values are limited to the following (this list is closed; additional values may be added only by amendment pursuant to Part 40 of the Commission's regulations):

- **League Champion:** [entity] is declared the winner or champion of the applicable season by the governing body.
- **Conference Winner:** [entity] wins the applicable conference championship, as determined by the governing body through tiebreaker procedures where applicable.
- **Division Winner:** [entity] wins the applicable division title, as determined by the governing body through tiebreaker procedures where applicable.
- **Series Winner:** [entity] is declared the winner of a playoff series by the governing body.
- **To Make the Playoffs:** [entity] qualifies for the applicable playoffs or post-season. For NBA markets, settlement is based on the final field after any applicable play-in games are completed.

This list is closed; additional values may be added only by amendment pursuant to Part 40 of the Commission's regulations. The specific [achievement] for each Contract is specified in the Market Specifications.

Each [achievement] is earned when officially confirmed by the Source Agency. Competition placement achievements are earned or foreclosed at the conclusion of the applicable series, season, or competition. The timing rules applicable to this Contract are set forth in Section 5.

2.3 Participation

Participation means [entity] participates in at least one game in the applicable competition. If [entity] does not participate in at least one game in the applicable competition, the Contract resolves NO.

2.4 [time period]

[time period] refers to the period during which [achievement] must be earned for the Payout Criterion to be satisfied, as specified by the Exchange.

[time period] may be expressed as a playoff series or round, a regular season, or a full season including playoffs. This list of [time period] values is closed; additional time periods may be added only by amendment pursuant to Part 40 of the Commission's regulations. All basketball time periods are interpreted in prevailing Eastern Time (ET), unless otherwise specified. The applicable [time period] for each Contract is specified in the Market Specifications.

2.5 [event]

[event] refers to the specific National Basketball Association (NBA) series, season, or competition within which [achievement] is being evaluated, as specified by the Exchange.

[event] may be defined by playoff round or tournament stage, season designation, competition name, or other distinguishing characteristics specified by the Exchange.

The Contract has not been endorsed by any league or association as of self-certification. The use of league or association names does not indicate endorsement.

All [achievement] values enumerated above share identical pricing sources, formulas, procedures, and methodologies: each is determined from the official standings, playoff results, or championship declarations published by the National Basketball Association, obtained through the Source Agency identified in Section 3.2. No [achievement] value is determined using a different methodology or obtained from a different source agency.

3 Market Details

3.1 Underlying

The Underlying for this Contract is whether [entity] earns [achievement] during [time period] of [event], as confirmed by the Official Result reported by the Source Agency.

3.2 Source Agency

The Source Agency for this Contract is the National Basketball Association, through its official statistics as published by the NBA, including at NBA.com. The Exchange settles based on the final (non-live, non-provisional) result of [event] reported by the Source Agency (the "Official Result"), including the officially recorded statistics of [event] so reported (the "Official Statistics"). The National Basketball Association is also the governing body of the covered competition. Any reference in these Contract Specifications to the "governing body," the "league," or the "relevant governing body" means the National Basketball Association, whose official determinations are

obtained through the Source Agency identified in this Section. If the Exchange determines that a reported result is clearly erroneous, the matter is referred to the Market Outcome Review Process pursuant to Rule 7.1. If the Source Agency does not report the relevant result within 48 hours of the Conclusion of [event], the Contract is referred to the Market Outcome Review Process pursuant to Rule 7.1, and may resolve to the last fair market price, as determined by the Exchange.

If the Official Result is corrected or revised by the Source Agency prior to Expiration, the corrected result shall be used for settlement. Any corrections or revisions made after Expiration shall not be considered.

3.3 Multiple Simultaneous Achievers

If two or more [entities] simultaneously earn [achievement] in circumstances where no more than one was expected to do so (e.g., co-champions declared by the governing body where no tiebreaker procedure designates a single winner), the Contract Size (\$1.00) is split equally among those [entities]' YES-resolving Contracts, rounded to the nearest cent. In the event rounding causes the aggregate payout to differ from the Contract Size, the Exchange will adjust one Contract by \$0.01 to ensure the aggregate equals the Contract Size.

3.4 Mutually Exclusive Contracts

The Exchange may designate two or more Contracts as mutually exclusive (a "Mutually Exclusive Set"), as specified in the applicable Market Specifications. The aggregate payout across all Contracts in a Mutually Exclusive Set shall equal the Contract Size. No more than one Contract in a Mutually Exclusive Set may resolve to a full YES outcome. If one or more Contracts in the Mutually Exclusive Set resolve to a value other than \$0 or the full Contract Size, the remaining Contracts shall resolve such that the aggregate payout across the Mutually Exclusive Set equals the Contract Size.

3.5 Issuance

NBAOUTRIGHT Contracts may be listed at the Exchange's discretion at any time after [event] or [time period] is publicly announced. No standing schedule of Contracts applies; each Contract is unique to the combination of [entity], [achievement], [time period], and [event] specified at the time of listing.

3.6 Position Limits and Accountability Levels

Position limits and position accountability levels applicable to NBAOUTRIGHT Contracts are as set forth in the Rulebook and the applicable Market Specifications for each Contract. No Person shall exceed the applicable position limit on an intraday or end-of-day basis unless an exemption has been granted by the Exchange pursuant to the Rulebook. A Member who holds or controls aggregate positions at or above the applicable accountability level shall, upon request, provide the Exchange with information regarding the nature of the position, trading strategy, and hedging information, if applicable, and consents to an instruction by the Exchange not to further increase or decrease such positions. For more detail, please see Rule 5.17.

4 Settlement Mechanics

Expiration Time	10:00 AM ET
Expiration Date	No later than one week after the official conclusion of [event]. May occur earlier upon determination of the outcome pursuant to Rule 7.2.
Expiration Value	The value of the Underlying as reported by the Source Agency at Expiration.
Settlement Date	No later than the day following Expiration, unless subject to Market Outcome Review (Rule 7.1).

4.1 Payout Criterion

The Contract resolves **YES** if [entity] earns [achievement] during [time period] of [event], as confirmed by the Official Result.

The Contract resolves **NO** otherwise.

The following are encompassed by the Payout Criterion:

- [entity] is officially confirmed by the governing body as having attained the applicable standing, series result, or qualification within [time period], applying the governing body's tiebreaker procedures where applicable.

The following are not encompassed by the Payout Criterion:

- Projected or anticipated achievements or standings that have not been officially confirmed;
- A standing or result that is announced prior to Expiration but is subsequently rescinded or vacated before Expiration; in such cases, settlement is based on the rescinded determination.

5 Contingencies

The contingencies set forth in this Section apply to all NBAOUTRIGHT Contracts.

For purposes of this Section:

“Unconditionally Determined” means a state in which the outcome of the Contract – whether it resolves YES or NO – can be determined with certainty regardless of any further activity. A Contract

is Unconditionally Determined when no possible continuation of [event] could change the outcome of the Payout Criterion.

Notwithstanding any other provision of this Section, if the outcome of a Contract is Unconditionally Determined at any point, the Contract settles based on that determination regardless of any subsequent event.

“Futures Completion Window” means the period within which the applicable season or competition must Conclude for a Contract that resolves at the conclusion of a season or multi-event competition to settle on an Official Result, measured from the scheduled completion date of the season or competition. If no completion date was scheduled at the time the Contract was listed, the first officially announced completion date governs. The applicable value is set forth in the Timing Parameters table below.

Timing Parameters

Parameter	Value
Futures Completion Window	90 calendar days from the scheduled completion date of the season or competition (prevailing ET)

Scenario	Condition	Outcome
Entity Does Not Participate	[entity] does not participate in at least one game in the applicable competition	Resolves NO
To Make the Playoffs – Post-Season Does Not Begin	The applicable post-season does not begin	Resolves to the last fair market price, as determined by the Exchange
To Make the Playoffs – Number of Playoff Teams Changed	The number of teams eligible for the playoffs changes from the number in effect at the time the Contract was listed	Resolves to the last fair market price, as determined by the Exchange
Series Winner – Playoff Series Format Changed	The scheduled format or length of the applicable playoff series (e.g., best-of-seven) changes from the format in effect at the time the Contract was listed	Settles based on the Official Result if the governing body declares a series winner; otherwise, resolves to the last fair market price, as determined by the Exchange

Scenario	Condition	Outcome
Multiple Simultaneous Achievers	Two or more [entities] simultaneously earn [achievement] in circumstances where only one was expected (e.g., co-champions), and no single achiever is designated by the governing body	The Contract Size is split equally among those [entities]' YES-resolving Contracts; rounded to the nearest cent with a \$0.01 aggregate adjustment if needed
Season or Competition Cancelled	The applicable season or competition is cancelled before the achievement can be determined	Resolves to the last fair market price, as determined by the Exchange

6 Market Outcome Review

Before settlement, the Exchange may initiate a Market Outcome Review Process pursuant to Rule 7.1.

If an Expiration Value cannot be determined on the Expiration Date, the Exchange may determine payouts pursuant to Rule 7.1.
