Dear Mr. Kirkpatrick:

Railbird Exchange, LLC d/b/a DKeX (“DKeX” or the “Exchange”) is certifying to the Commodity Futures Trading Commission (“CFTC”), pursuant to CFTC Regulation 40.2, the initial listing of “NBAWIN-PHINYK-20OCT2026” contracts with the underlying consisting of “Will the New York Knicks win the full game of Philadelphia 76ers vs. New York Knicks on October 20, 2026?” (the “Contracts”). The Contracts settle on whether the New York Knicks win the full game, including any overtime periods, of the National Basketball Association (NBA) regular season game between the Philadelphia 76ers and the New York Knicks scheduled for October 20, 2026 (the 2026-27 NBA season opener at Madison Square Garden), as determined under the NBAWIN-PHINYK-20OCT2026 Contract Specifications, subject to the terms of the contract and market specifications and Chapter 13 of the DKeX Rulebook. The Contracts are categorized as swaps. This submission shall become certified by September 29, 2026, and the Contracts will be listed for trading on the Exchange thereafter.

Consistent with the requirements of CFTC Regulation 40.2, this submission includes the following:

- A concise explanation and analysis of the Contracts;
- A certification that the Contracts comply with the Commodity Exchange Act and the CFTC’s regulations promulgated thereunder;
- A certification that DKeX has posted a copy of this submission to its website, www.railbirdexchange.com;
- The intended listing date of the Contracts;
- The terms and conditions of the Contracts, attached as Appendix A hereto;
- The list of [PROHIBITED CONTRACT PARTICIPANTS] attached Appendix B hereto; and
- Further Considerations attached as Appendices C and D (confidential).

Concise Explanation and Analysis of the Product and Its Compliance with Applicable Provisions of the Act, Including Core Principles and the Commission's Regulations Thereunder

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The "Will the New York Knicks win the full game of Philadelphia 76ers vs. New York Knicks on October 20, 2026?" Contract (NBAWIN-PHINYK-20OCT2026) is a Binary Contract that settles on whether the New York Knicks win the full game, including any overtime periods, of the National Basketball Association (NBA) regular season game between the Philadelphia 76ers and the New York Knicks scheduled for October 20, 2026 (the 2026-27 NBA season opener at Madison Square Garden), as determined under the NBAWIN-PHINYK-20OCT2026 Contract Specifications and the applicable Market Specifications. This submission certifies a specific product pursuant to Commission Regulation 40.2(a).

The Trading Prohibitions applicable to this Contract, and the risk-mitigation and price-basing analysis in Confidential Appendix C, accompany this submission; their substance is identical to the NBAWIN class documentation, tailored in name to this Contract.

II. General Contract Terms and Conditions

The Contract operates as a Binary Contract as defined in the Rulebook. The Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.0001 (one-hundredth of one cent) to enable Members to calibrate the size of their positions to their economic exposure. Contracts may only be listed at values of at least \$0.0001 and at most \$0.9999. As set forth in Rule 5.15 of the Rulebook, trading shall be available 23 hours a day, 7 days a week, with the daily maintenance window announced on the Exchange's website. Members may be charged fees in connection with the trading of Contracts in such amounts as may be revised from time to time and reflected on the website, as provided in Rule 3.9 of the Rulebook.

The Contract's payout structure is that of a Binary Contract: when the Contract expires with a Market Outcome of YES, the Settlement Value is paid to holders of long positions; when the Contract expires with a Market Outcome of NO, the Settlement Value is paid to holders of short positions. The Expiration Value is determined from the Official Result reported by the applicable Source Agency, as set forth in the Contract Specifications. Where an outcome cannot be determined under the Contract Specifications' contingency provisions, the Contract resolves to the last fair market price, as determined by the Exchange. During the period that trading is open, Members may freely adjust their positions. The Expiration Value and Market Outcome are determined at or after the Expiration Date. The Exchange then settles the Contract in accordance with Rule 6.3 of the Rulebook. Specification of the circumstances that trigger a Market Outcome of YES is set forth in the Payout Criterion of the Contract Specifications.

CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE ACT, 7 U.S.C. § 7a-2 AND COMMODITY FUTURES TRADING COMMISSION RULE 40.2, 17 C.F.R. § 40.2

DKeX hereby certifies that:

(1) the Contracts comply with the Commodity Exchange Act and the Commission's regulations thereunder; and

(2) concurrent with this submission, DKeX has posted on its website, <https://www.railbirdexchange.com/>: (a) a notice of pending certification of this submission with the Commission; and (b) a copy of this submission.

2.1 [entity]

For this Contract, [entity] means the New York Knicks, a member club of the National Basketball Association (NBA). References to [entity] throughout these Contract Specifications refer to the New York Knicks. If the New York Knicks undergo renaming, relocation, or restructuring but maintain substantial continuity, the club shall be treated as the same [entity].

For this Contract, [time period] means the full game, including all regulation periods and any overtime periods. Overtime statistics are included for settlement purposes.

2.3 [event]

For this Contract, [event] means the National Basketball Association (NBA) regular season game between the Philadelphia 76ers and the New York Knicks scheduled for October 20, 2026 at Madison Square Garden (the 2026-27 NBA season opener). The Contract has not been endorsed by any league or association as of self-certification. The use of league or association names does not indicate endorsement.

This Contract settles from the officially recorded point totals in the Official Result published by the National Basketball Association, obtained through the Source Agency identified in Section 3.2.

3 Market Details

3.1 Underlying

The Underlying for this Contract is whether [entity] scores more points than its opponent during [time period] of [event], as determined by the Official Result reported by the Source Agency. Where the applicable rules of basketball produce a result that differs from the raw point count, the Official Result governs.

3.2 Source Agency

The Source Agency for this Contract is the National Basketball Association, through its official statistics as published by the NBA, including at NBA.com.

The Exchange settles based on the final (non-live, non-provisional) result of [event] reported by the Source Agency (the “Official Result”), including the officially recorded statistics of [event] so reported (the “Official Statistics”). The National Basketball Association is also the governing body of the covered competition. Any reference in these Contract Specifications to the “governing body,” the

“league,” or the “relevant governing body” means the National Basketball Association, whose official determinations are obtained through the Source Agency identified in this Section.

If the Exchange determines that a reported result is clearly erroneous, the matter is referred to the Market Outcome Review Process pursuant to Rule 7.1. If the Source Agency does not report the relevant result within 48 hours of the Conclusion of [event], the Contract is referred to the Market Outcome Review Process pursuant to Rule 7.1, and may resolve to the last fair market price, as determined by the Exchange.

If the Official Result is corrected or revised by the Source Agency prior to Expiration, the corrected result shall be used for settlement. Any corrections or revisions made after Expiration shall not be considered.

3.3 Mutually Exclusive Contracts

The Exchange may designate two or more Contracts as mutually exclusive (a “Mutually Exclusive Set”), as specified in the applicable Market Specifications.

Contracts within a Mutually Exclusive Set are economically linked for settlement purposes. The aggregate payout across all Contracts in a Mutually Exclusive Set shall equal the Contract Size. No more than one Contract in a Mutually Exclusive Set may resolve to a full YES outcome. If one or more Contracts in the Mutually Exclusive Set resolve to a value other than \$0 or the full Contract Size, the remaining Contracts shall resolve such that the aggregate payout across the Mutually Exclusive Set equals the Contract Size.

3.4 Issuance

This Contract corresponds to a single scheduled instance of [event] and is listed at the Exchange’s discretion for the listing date identified in the certification submission.

3.5 Position Limits and Accountability Levels

Position limits and position accountability levels applicable to NBAWIN-PHINYK-20OCT2026 Contracts are as set forth in the Rulebook and the applicable Market Specifications for each Contract. No Person shall exceed the applicable position limit on an intraday or end-of-day basis unless an exemption has been granted by the Exchange pursuant to the Rulebook. A Member who holds or controls aggregate positions at or above the applicable accountability level shall, upon request, provide the Exchange with information regarding the nature of the position, trading strategy, and hedging information, if applicable, and consents to an instruction by the Exchange not to further increase or decrease such positions. For more detail, please see Rule 5.17.

4 Settlement Mechanics

Expiration Time	10:00 AM ET
Expiration Date	No later than one week after the end of [time period]. May occur earlier upon determination of the outcome pursuant to Rule 7.2.
Expiration Value	The value of the Underlying as reported by the Source Agency at Expiration.
Settlement Date	No later than the day following Expiration, unless subject to Market Outcome Review (Rule 7.1).

4.1 Payout Criterion

The Contract resolves **YES** if [entity] wins [time period] of [event] by scoring more points than its opponent during [time period], as confirmed by the Official Result.

The Contract resolves **NO** otherwise.

The following are encompassed by the Payout Criterion:

- [entity] scores more points than its opponent during [time period], including any overtime periods;
- [entity] is declared the winner in the Official Result of a game deemed complete under the Near-Complete Threshold in Section 5.

The following are not encompassed by the Payout Criterion:

- [entity] is credited with a win solely on the basis of a default or forfeit score imposed by the governing body, rather than a score derived from actual play.

5 Contingencies

The contingencies set forth in this Section apply to all NBAWIN-PHINYK-20OCT2026 Contracts.

For purposes of this Section:

“**Basketball Playoff Game**” means any playoff or postseason game in a basketball competition.

“**Non-Playoff Game**” means any game that is not a Basketball Playoff Game. [event] is a Non-Playoff Game.

“**Regulation Game Time**” means the scheduled duration of a basketball game excluding any overtime periods, as defined by the governing league or association.

“Unconditionally Determined” means a state in which the outcome of the Contract – whether it resolves YES or NO – can be determined with certainty regardless of any further game activity. A Contract is Unconditionally Determined when no possible continuation of [event] could change the outcome of the Payout Criterion.

Notwithstanding any other provision of this Section, if the outcome of a Contract is Unconditionally Determined at any point, the Contract settles based on that determination regardless of any subsequent event.

“Tolerance Window” means the period following the officially scheduled start of [event] during which a postponed [event] may still commence and be treated as occurring for settlement purposes. The applicable value is set forth in the Timing Parameters table below.

“Completion Window” means the period during which an Interrupted [event] may still Conclude and settle based on the Official Result, measured from the reference point set forth in the Timing Parameters table below. The applicable value is set forth in the Timing Parameters table below.

“Scheduled Time” means the officially scheduled start date and time of [event] (local arena time) as most recently announced by the governing body at the time the Contract is listed.

“Near-Complete Threshold” means the point in [event] at which, if [event] is Interrupted and does not Conclude within the Completion Window, [event] is deemed complete for settlement purposes and the Contract settles based on the Official Result or the state of [event] at interruption as recognized by the governing body. The applicable value is set forth in the Timing Parameters table below.

Timing Parameters

Parameter	Value
Tolerance Window	2 calendar days from the Scheduled Time (Non-Playoff Game)
Completion Window	2 calendar days from the Scheduled Time (Non-Playoff Game)
Near-Complete Threshold	Fewer than 5 minutes of Regulation Game Time remaining, or after Regulation Game Time has ended (including during overtime). A game interrupted at or beyond this threshold is deemed complete and settles on the game state at interruption as recognized by the governing body.

Scenario	Condition	Outcome
----------	-----------	---------

Scenario	Condition	Outcome
Interruption – Concluded Within Completion Window, No Winner Declared	[event] is Interrupted but Concludes within the Completion Window, and the governing body does not declare a winner of [event]	Settles based on the winner declared by the governing body; if no winner of [event] is declared, resolves to the last fair market price, as determined by the Exchange
Interrupted After Near-Complete Threshold	[event] is Interrupted with fewer than 5 minutes of Regulation Game Time remaining (or after regulation has ended), and is not Concluded within the applicable Completion Window	Deemed complete; settles based on the Official Result or the game state at interruption as recognized by the governing body
Home-Away Designation Reversed	The home and away designations for the participants are switched from what was in effect at the time the Contract was listed, before [event] starts	Resolves to the last fair market price, as determined by the Exchange
Venue Changed to a Competing Team's Home Venue	The venue of [event] is changed to the home venue of either competing team, before [event] starts	Resolves to the last fair market price, as determined by the Exchange
Venue Change – Other	The venue of [event] changes (including to a neutral site), but the home and away designations are unchanged and the new venue is not the home venue of either competing team, before [event] starts	Settles based on the Official Result
Forfeit or Disqualification	[entity] or its opponent forfeits or is disqualified	If an Official Result declares a winner, settles based on the Official Result; otherwise, resolves to the last fair market price, as determined by the Exchange. Any default score imposed by the governing body is not used for settlement of non-winner determinations
Format or Rule Change	Before or after [event] starts, there is a material change to format or rules from those in effect at the time the Contract was listed	Resolves to the last fair market price, as determined by the Exchange, unless the outcome is Unconditionally Determined
