NOTICE #: MKR08-26-15
SUBJECT: Amendments to Rulebook Chapter 7 of the New York Mercantile Exchange, Inc.

Effective Thursday, October 1, 2015, and pending all relevant CFTC regulatory review periods, the New York Mercantile Exchange, Inc. (NYMEX or Exchange) will amend Chapter 7, Rule 703.B (“Delivery Facilities and Procedures – Load-Out”) with respect to the load out of copper. In addition, the amendments shall implement a minimum load out rate of 500 short tons of copper daily, unless a different rate is otherwise prescribed in the Interpretations & Special Notices Related to Chapter 7 to accommodate the maximum load out capabilities of a given warehouse.

Please note that in the event the warehouse has load out orders for COMEX cancelled warrants representing multiple metal types, the warehouse shall load out each metal concurrently on a pro rata, by commodity, basis at their prescribed minimum load out rate. If the pro rata exceeds the minimum load out rate, the warehouse shall only be required to load out at the prescribed minimum load out rate.
