RE: **Weekly Notification of Rule Amendments: Nadex Amends Index Composition for its Bitcoin and Ether Cryptocurrency Touch Bracket Variable Payout Contracts - Submission Pursuant to Commission Reg. §40.6(d)**

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended ("Act"), and Section 40.6(d) of the regulations promulgated by the Commodity Futures Trading Commission (the "Commission") under the Act (the "Regulations"), North American Derivatives Exchange, Inc. ("Nadex", the "Exchange") hereby provides notice that it amended the composition of the Indicative Index[1] used to determine the Expiration Value of its Bitcoin and Ether Cryptocurrency Touch Bracket Variable Payout Contracts by removing the FTX (Derivatives) effective immediately. Nadex has not yet launched the Bitcoin and Ether Cryptocurrency Touch Bracket Variable Payout Contracts, but plans to include data from the following underlying cryptocurrency exchanges in its Indicative Index to determine the Contracts' Expiration Value after being listed for trading on the Exchange: Binance (US), Gemini, BitStamp, Exmo, Bitso, Bitflyer (only for bitcoin), ItBit, CEX.IO, OKCoin and BTSE (Derivatives).

Nadex hereby certifies that the additions and amendments contained herein comply with the Act, as amended, and the Commission Regulations adopted thereunder. No substantive opposing views were expressed to Nadex with respect to these additions. Nadex hereby certifies that notice of these events was posted on its website at the time of this filing.

Should you have any questions regarding the above, please do not hesitate to contact me by telephone at (312) 884-0927 or by email at jaime.walsh@nadex.com.
