There is no open interest in the contract months that are being delisted.

The Exchange reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or “Act”) and identified that the amendments to listing schedule of the contracts may impact the following Core Principles as follows:

- Emergency Authority: There is no open interest in the delisted contract months, and therefore there will be no market disruption related to their delisting.
- Availability of General Information: The Exchange will make publicly available the details of the delisting of contract months by publishing a notice to the market.

Pursuant to Section 5c(c) of the Act and CFTC Regulation 40.6(a), the Exchange hereby certifies that the delisting of the certain contract months for these contracts comply with the Act, including regulations under the Act. There were no substantive opposing views to this proposal.

The Exchange certifies that this submission has been concurrently posted on the CME Group website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
