FOIA University	records sufficient to show the agency's FOIA-related technology, eDiscovery, and FOIA contractor support costs for FY 2022–Present. Checklist of Requested Records: 1. FOIA Case Management & Redaction Technology (COTS or Internal) Contracts, license agreements, purchase orders, or modifications (FY 2022–Present) for FOIA case management, redaction, intake, workflow, or tracking systems used. Most frequently, this will simply be a contract for a product like FOIAXpress, Feith's Workbench, or another Commercial off the Shelf (COTS) product. If home-grown/internal systems are used, please provide documentation showing development, maintenance, or hosting costs. If internal costs are not separately tracked, a high-level good faith estimate is acceptable. We are attempting to identify the total cost of operations and this information is not captured in DOJ OIP reporting. 2. eDiscovery Tools Used by the Agency Contracts, license agreements, or purchase orders for all eDiscovery systems. (FY 2022–Present). These are increasingly being used in FOIA programs. 3. FOIA Support Services Contracts Contracts providing FOIA case processing, backlog reduction, search support, or litigation support.
