SUPPLEMENTARY INFORMATION:

Title: Part 39, Process for Review of Swaps for Mandatory Clearing (OMB Control No. 3038-0097). This is a request for extension and revision² of a currently approved information collection.

Abstract: The Commodity Exchange Act and Commission regulations require a derivatives clearing organization ("DCO") that wishes to accept a swap for clearing to be eligible to clear the swap and to submit the swap to the Commission for a determination as to whether the swap is required to be cleared. Commission Regulation 39.5 sets forth the process for these submissions. The Commission uses the information in this collection to determine whether a DCO that wishes to accept a swap for clearing is eligible to clear the swap and whether the swap should be required to be cleared.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On July 6, 2018, the Commission published in the **Federal Register** notice of the proposed extension of this information collection

and provided 60 days for public comment on the proposed extension, 83 FR 31530 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Respondents/Affected Entities: Derivatives clearing organizations.

Estimated Number of Respondents: 16.

Estimated Average Burden Hours per Respondent: 40.

Estimated Total Annual Burden Hours: 640 hours.

Frequency of Collection: On occasion.³

Authority: 44 U.S.C. 3501 *et seq.*

Dated: September 17, 2018.

Robert Sidman,

Deputy Secretary of the Commission.
