The Commodity Futures Trading Commission (CFTC) is the federal regulatory agency that oversees futures, options, and derivatives markets. LabCFTC is the focal point for the CFTC's efforts to promote market-enhancing FinTech innovation and fair competition for the benefit of the American public. LabCFTC is designed to make the CFTC more accessible to FinTech innovators, and serves as a platform to inform the Commission's understanding of new technologies.

Office Hours provide entrepreneurs and FinTech innovators an opportunity to engage with LabCFTC in general conversation, discuss a specific question or issue, or give a presentation.
