Agenda-at-a-glance

10:30 a.m. **Panel Discussion: Regulatory CIOs – Chief Innovation Officers**

As part of the CFTC’s Empower Innovation 2020 series, LabCFTC will convene its Innovation Office counterparts from the SEC, OCC, and NYDFS to discuss how regulators view financial innovation, how to engage with regulators, and what interests regulators during “demos” of technological innovations.

- Melissa Netram, Chief Innovation Officer and Director, LabCFTC
- Valerie Szczepanik, Head, SEC Strategic Hub for Innovation and Financial Technology (FinHub), U.S. Securities and Exchange Commission
- Beth Knickerbocker, Chief Innovation Officer, Office of the Comptroller of the Currency
- Matthew Homer, Executive Deputy Superintendent for Research and Innovation, New York Department of Financial Services
- Moderator: Shivon Kershaw, Senior Innovation and Education Advisor, LabCFTC

11:15 a.m. **DC Fintech Week Conversations and Demos**

Join Washington DC’s fourth annual fintech policy and innovation dialogue for [DC Fintech Week](#). This year’s virtual event is focused on innovators describing their business and explaining how their services intersect with markets, policymakers, market participants, and lawyers. Find additional details [online](#).
