SUPPLEMENTARY INFORMATION:

Title: “Copies of Crop and Market Information Reports,” OMB Control No. 3038-0015. This is a request for an extension of a currently approved information collection.

Abstract: The information collected pursuant to this rule, 17 CFR 1.40, is in the public interest and is necessary for market surveillance. Manipulation of commodity futures prices is a violation of the Commodity Exchange Act (Act). Section 9(a)(2) of the Act (7 U.S.C. 13(a)(2)) prohibits the dissemination of false or misleading or knowingly inaccurate reports that affect or tend to affect the prices of commodities. In order to facilitate the enforcement of this provision, Commission regulation 1.40 requires that members of an exchange and FCMs provide upon request copies of any report published or given general circulation which concerns crop or market information that affects or tends to affect the price of any commodity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.² On November 27, 2020, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 76 FR 60810 (“60-Day Notice”). The Commission did not receive any comments on the 60-Day Notice.

Burden Statement: The respondents’ burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 10.

Estimated Average Burden Hours per Respondent: 0.17.

Estimated Total Annual Burden Hours: 1.7 hours.³

Frequency of Collection: On occasion.

There are no capital costs or operating and maintenance costs associated with this collection.

SUPPLEMENTARY INFORMATION:

Title: Gross Collection of Exchange-Set Margins for Omnibus Accounts (OMB Control No. 3038-0026). This is a request for extension of a currently approved information collection.

Abstract: Commission Regulation 1.58 requires futures commission merchants to collect exchange-set margin for omnibus accounts on a gross, rather than a net, basis. The regulation provides that the carrying FCM need not collect margin for positions traded by a person through an omnibus account in excess of the amount that would be required if the same person, instead of trading through an omnibus account, maintained its own account with the carrying FCM. To prevent abuse of this exception to the regulation, a carrying FCM must maintain a written representation from the originating FCM or foreign broker that the particular positions held in the omnibus account are part of a hedge or spread transaction. This collection of information is necessary in order to provide
