SUPPLEMENTARY INFORMATION:

Title: Protection of Collateral of Counterparties to Uncleared Swaps; Treatment of Securities in a Portfolio Margining Account in a Commodity Broker Bankruptcy (OMB Control No. 3038-0075). This is a request for an extension of a currently approved information collection.

Abstract: Section 4s(l) of the Commodity Exchange Act requires swap dealers (“SDs”) and major swap participants (“MSPs”) to notify uncleared swap counterparties that they have the right to request that property provided as margin be segregated, and to report quarterly to counterparties who have not requested segregated accounts that the back office procedures of the swap dealer or major swap participant with respect to margin and collateral comply with the parties’ agreement. Regulations 23.701 and 23.704 establish reporting requirements that are mandated by Section 4s(l) and, thus, are necessary to implement the objectives of Section 4s(l). Regulation 23.701 requires that the SD or MSP notify the counterparty at the beginning of the swap trading relationship of the counterparty’s right to require segregation of initial margin, and to permit the counterparty to change that election by written notice to the SD or MSP. Regulation 23.704 requires that, in certain circumstances, an SD or MSP must report to the counterparty, on a quarterly basis, that the back office procedures of the swap dealer or major swap participant relating to margin and collateral requirements are in compliance with the agreement of the counterparties. The data required to be compiled and maintained pursuant to Regulations 23.701 and 23.704 would be used by uncleared swap counterparties (and, in some instances, the CFTC and self-regulatory organizations).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On February 22, 2022, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 87 FR 9583 (“60-Day Notice”). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection to reflect the current number of respondents and estimated

burden hours. The respondent burden for this collection is estimated to be as follows:

- *Regulation 23.701:*
Estimated Number of Respondents: 108.
Estimated Average Burden Hours per Respondent: 600 hours.
Estimated Total Annual Burden Hours: 64,800 hours.
Frequency of Collection: Beginning of the swap trading relationship with a counterparty.
 - *Regulation 23.704:*
Estimated Number of Respondents: 108.
Estimated Average Burden Hours per Respondent: 806 hours.
Estimated Total Annual Burden Hours: 87,048 hours.
Frequency of Collection: Quarterly (4 times per year).
 - *Total Annual Burden for the Collection:* 151,848 hours.
- There are no capital costs or operating and maintenance costs associated with this collection.

SUPPLEMENTARY INFORMATION:

Title: Clearing Member Risk Management (OMB Control No. 3038–0094). This is a request for an extension of a currently approved information collection.

Abstract: Section 3(b) of the Commodity Exchange Act (“Act” or “CEA”) provides that one of the purposes of the Act is to ensure the financial integrity of all transactions subject to the Act and to avoid systemic risk. Section 8a(5) of the CEA authorizes the Commission to promulgate such regulations that it believes are reasonably necessary to effectuate any of the provisions or to accomplish any of the purposes of the CEA. Risk management systems are critical to the avoidance of systemic risk.

Section 4s(j)(2) of the CEA requires each Swap Dealer (“SD”) and Major Swap Participant (“MSP”) to have risk management systems adequate for managing its business. Section 4s(j)(4) of the CEA requires each SD and MSP to have internal systems and procedures to perform any of the functions set forth in Section 4s.

Section 4d of the CEA requires Futures Commission Merchants (“FCMs”) to register with the Commission. It further requires FCMs to segregate customer funds. Section 4f of the CEA requires FCMs to maintain certain levels of capital and Section 4g of the CEA establishes reporting and recordkeeping requirements for FCMs.

Pursuant to these provisions, the Commission adopted Commission regulation 1.73 which applies to clearing members that are FCMs and Commission regulation 23.609 which applies to clearing members that are SDs or MSPs. These provisions require these clearing members to have procedures to limit the financial risks they incur as a result of clearing trades and liquid resources to meet the obligations that arise. The regulations require each clearing member to: (1) Establish credit and market risk-based limits based on position size, order size, margin requirements, or similar factors; (2) use automated means to screen orders for compliance with the risk-based limits; (3) monitor for adherence to the risk-based limits intra-day and overnight; (4) conduct stress tests of all positions in the proprietary account and all positions in any customer account that could pose material risk to the futures commission merchant at least once per week; (5) evaluate its ability to meet initial margin requirements at least once per week; (6) evaluate its ability to meet

variation margin requirements in cash at least once per week; (7) evaluate its ability to liquidate the positions it clears in an orderly manner, and estimate the cost of the liquidation at least once per month; and (8) test all lines of credit at least once per quarter.

Each of these items has been observed by Commission staff as an element of an existing sound risk management program at an SD, MSP, or FCM. The Commission regulations require each clearing member to establish written procedures to comply with this regulation and to keep records documenting its compliance. The information collection obligations imposed by the regulations are necessary to implement certain provisions of the CEA, including ensuring that registrants exercise effective risk management and for the efficient operation of trading venues among SDs, MSPs, and FCMs.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On February 22, 2022, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 87 FR 9582 (“60-Day Notice”). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its estimate of the burden for this collection to reflect the current number of respondents and estimated burden hours. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 167 (108 Clearing Member Swap Dealers and 59 Clearing Member Futures Commission Merchants).

Estimated Average Burden Hours per Respondent: 504 hours.

Estimated Total Annual Burden Hours: 84,168 hours.

Frequency of Collection: As needed.

There are no capital costs or operating and maintenance costs associated with this collection.
