SUPPLEMENTARY INFORMATION:

Title: Privacy of Consumer Financial Information (OMB Control No. 3038-0055). This is a request for an extension of a currently approved information collection.

Abstract: Section 124 of the Commodity Futures Modernization Act

¹ 17 CFR 145.9.

of 2000² amended the Commodity Exchange Act (the “Act”) and added a new Section 5g³ to the Act to (i) provide that futures commission merchants, commodity trading advisors, commodity pool operators, and introducing brokers that are subject to CFTC jurisdiction with respect to any financial activity shall be treated as a financial institution for purposes of Title V, Subtitle A of the Gramm-Leach-Bliley Act (“GLB Act”), (ii) treat the Commission as a Federal functional regulator for purposes of applying the provisions of the GLB Act, and (iii) direct the Commission to prescribe regulations under Title V of the GLB Act. The Commission adopted regulations for these entities under part 160 and later extended them to retail foreign exchange dealers, swap dealers, and major swap participants.⁴ Part 160 requires those subject to the regulations, among other things, to provide privacy and opt out notices to customers and to adopt appropriate policies and procedures to safeguard customer records and information. In April 2019, the Commission adopted amendments to its regulations to provide an exception to its annual privacy notice requirement under certain conditions.⁵

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On October 21, 2022, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 87 FR 64018 (“60-Day Notice”). The Commission did not receive any substantive comments on the 60-Day Notice.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 2,164.

Estimated Number of Annual Responses per Respondent: 95.

Estimated Total Number of Annual Responses: 205,580.

Estimated Time per Response: 2 minutes.

Estimated Total Annual Burden Hours: 6,853.

Frequency of Collection: As applicable.

² Section 124, Appendix E of Public Law 106-554, 114 Stat. 2763 (2000).

³ 7 U.S.C. 7b-2.

⁴ 17 CFR part 160. See Privacy of Customer Information, 66 FR 21235 (April 27, 2001); Regulation of Off-Exchange Retail Foreign Exchange Transactions and Intermediaries, 75 FR 55409 (Sept. 10, 2010); and Privacy of Consumer Financial Information: Conforming Amendments Under Dodd-Frank Act, 76 FR 43874 (July 22, 2011).

There are no capital costs or operating and maintenance costs associated with this collection.

BILLING CODE 6351–01–P

DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID: USA–2023–HQ–0003]

Proposed Collection; Comment Request

AGENCY: Army Corps of Engineers, Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the U.S. Army Corps of Engineers announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by March 21, 2023.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov>

as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Waterborne Commerce Statistics Center, P.O. Box 60267, New Orleans, Louisiana 70160, John Dubberley, or call the Waterborne Statistics Center at (504) 862–1441.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Vessel Operation Report; ENG Forms 3926, 3925, 3925B, 3925C, and 3925P; OMB Control Number 0710–0006.

Needs and Uses: The information collection requirement is necessary to determine usage on the nation's waterway network. The WCSC and the LPMS databases are the sole government sources for information in the United States on domestic waterborne commerce and lock or canal operation. The Army Corps of Engineers is the agency charged with the collection of this data due to its responsibility for the planning, design, construction, rehabilitation, operation, and maintenance of the inland waterway systems, the Great Lakes, and the channels of the coastal ports.

The aggregate data collected under these programs are published in the annual publications, *Waterborne Commerce of the United States, Parts 1–5, Lock Performance Monitoring System Quarterly Reports*, and *Waterborne Transportation Lines of the United States*. Each database and publication provide essential information for an understanding of the utilization of our Nation's navigation systems and the fleet using these systems. The data bases provide essential information to those with the responsibilities over the physical system or to those involved in shipping or moving commodities on the Nation's waterways." [River and Harbor Act of September 22, 1922 (42 Stat. 1043)].

Affected Public: Individuals or households.

Annual Burden Hours: 10,080.

Number of Respondents: 840.

Responses per Respondent: 12.

Annual Responses: 10,080.

Average Burden per Response: 1 hour.

Frequency: On occasion.

The end result of using both the ENG Form 3925 series and ENG Form 3926, despite collecting very similar data, is to ensure WCSC is able to paint a complete picture of vessel movements and cargo

carried on U.S. waterways. Each set of data produced from the forms allows WCSC to ensure accuracy and completeness. The data are used to annually publish *Waterborne Commerce of the United States (WCUS) Ports and Waterways*, which presents detailed data on the movements of vessels and commodities at the ports and harbors and on the waterways and canals of the United States and its territories. It also provides statistics on the foreign and domestic waterborne commerce moved through the U.S. waters. Congress receives this annual report, and the data contained therein are used in cost-benefit analyses for new projects, rehabilitation projects, and operations and maintenance of existing projects. It is also used by other Federal agencies involved in transportation and security. Researchers and private organizations also use the data regularly to help decide on which locales are best models for their studies/needs.
