SUPPLEMENTARY INFORMATION:

Title: Response to Notification of Termination of Exemptive Relief Issued

¹ 17 CFR 145.9.

Pursuant to Regulation 30.10 (OMB Control No. 3038–0116). This is a request for extension of a currently approved information collection.

Abstract: Commission regulation 30.10 provides a process by which persons located outside the U.S. and subject to a comparable regulatory structure in the jurisdiction in which they are located to seek an exemption from certain of the requirements under Part 30 of the Commission's regulations. Regulation 30.10 codifies the process by which the Commission may terminate such exemptive relief after appropriate notice and opportunity to respond. Regulation 30.10(c)(3) provides any party affected by the Commission's determination to terminate relief with the opportunity to respond to the notification in writing no later than 30 business days following the receipt of the notification, or at such time as the Commission permits in writing. These reporting requirements are necessary for the ongoing evaluation of the effectiveness of the Commission's program for regulatory deference.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.² On February 17, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 10303 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is not revising its original estimate of the burden for this proposed renewal of collection. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 1.

Estimated Average Burden Hours per Respondent: 8.

Estimated Total Annual Burden Hours: 8.

Frequency of Collection: Once.

There are no capital costs or operating and maintenance costs associated with this collection.
