CFTC’s Energy and Environmental Markets Advisory Committee to Meet November 13

Washington, D.C. — CFTC Commissioner Summer K. Mersinger, sponsor of the Energy and Environmental Markets Advisory Committee (EEMAC), today announced the EEMAC will hold a public meeting on Monday, November 13 from 9:00 a.m. to 12:00 p.m. (EST) at CFTC’s Washington, D.C. headquarters. Members of the public may also attend the meeting virtually or in person, if space permits.

At this meeting, the EEMAC will get an update from the two EEMAC subcommittees and discuss the state of certain traditional energy markets. A formal agenda for this meeting is forthcoming. For agenda updates and more information about this advisory committee, including its members, please visit [EEMAC](#) at [cftc.gov](#).

“Both of the EEMAC subcommittees have been hard at work since the summer, and I am eager for them to give updates on their progress.” said Commissioner Mersinger. “The issues and topics they are examining and addressing are complex and intricate, yet affect ordinary American households nonetheless. How the state of infrastructure affects traditional energy sources, like oil and naturals, and how the dynamics of the metals markets affect electrification in the United States directly impacts the price of energy and food we consume every day.”

Members of the public may watch a live webcast or listen to the meeting via conference call using a domestic or international number to connect to a live, listen-only audio feed. People requiring special accommodations to attend the meeting because of a disability should notify Lauren Fulks, the EEMAC Secretary, at (816) 787-6297 or Lfulks@cftc.gov.

Members of the public can submit written statements in connection with the meeting by November 20, 2023. Submit public comments at cftc.gov. Follow the instructions for submitting comments through the Comments Online process on cftc.gov. If you are unable to submit comments online, contact Lauren Fulks, EEMAC Secretary, via the contact information above to discuss alternate means of submitting your comments. Any statements submitted in connection with the committee meeting will be made available to the public, including publication on cftc.gov. Written statements should have "Energy and Environmental Markets Advisory Committee" as the title on any such statement.

There are five active [Advisory Committees](#) overseen by the CFTC. They were created to provide advice and recommendations to the Commission on a variety of regulatory and market issues that affect the integrity and competitiveness of U.S. markets. These Advisory Committees facilitate communication between the Commission and market participants, other regulators, and academics. The views, opinions, and information expressed by the Advisory Committees are solely those of the respective Advisory Committee and do not necessarily reflect the views of the Commission, its staff, or the U.S. government.
